PEACE IN MEXICO NOW SEEMS SURE

Warring Factions in Republic Will Soon Agree Declares Madero

SAYS DIAZ WILL STEP DOWN

Mobilization of American Troops Played Major Part in Bringing the Sides Together—Reforms Explained.

San Antonio, Texas, March 28.—Explanation of governmental changes at Mexico City, the recall of Senor Limantour from Paris, the arrival of Francisco I. Madero, Sr., and his son, Gustavo, and the departure of Mr. De LaBarra from the embassy at Washington for his new position at the Mexican capital, were all explained today in interviews with Francisco I. Madero, Sr., and Gustavo Madero.

Tentative peace proposals have been made and on the administration side have been acted on. In the view of Don Francisco peace is assured; if not within ten days, then at the furthest, within a month. President Diaz, it is reported in a message to the Mexican Congress, will insist that peace be concluded.

On the vital point of why they were so certain that the tentative arrangement would within a set time result in a sealed compact of peace, father and son were silent. They answered freely every other question.

That the elder Madero and Limantour met recently the very meeting was denied; let alone a discussion of terms for possible peace. Today it was admitted that the interview concerned peace alone.

Senor Limantour, the Mexican financier, familiar alike with the bourse of Paris, with Wall street and moneyed London, Vienna and Berlin, responded to the presidential summons to come to the United States from Paris and carried out the orders of his superior, Porfirio Diaz.

Limantour agreed to obtain every concession possible from the government to the revolutionists to make possible formal negotiations for peace.

The basic concessions included the resignation of the Diaz cabinet and the appointment of younger men to their positions. The next is the resignation of Diaz, and the holding of an election where the suffrage shall be unconstrained and free.

Diaz, according to the programme, will remain in office with his new and somewhat unsatisfactory cabinet about him until the country is at rest. When factory wheels are again turning and railroad trains running without fear of wreck at destroyed bridges, the "Iron Man" will step down and out, it is believed, and within 60 days will call an election. Despite evasions in the interviews, which were given with every courtesy, between every line it was apparent that the mobilization of the American troops had played the major part in bringing the two sides in Mexico together.

An election for the first time would be difficult of execution and problematic as to the satisfactory results, particularly as to the working of the ballot itself. In the last year, an educated class has arisen in the land of the Aztecs and it is this class which has been the backbone of the revolution, but the great proportion is still illiterate and without views. It is this fact more than any other which has influenced Diaz to retain his power.

Diaz Not Going Away.

Mexico City, March 28.—Semi-officially it was stated today that President Diaz has no intention of going abroad as has been reported while the present state of insurrection continues, but peace established the same authority said that it was not improbable that General Diaz would seek retirement.

LaBarra Talks of Peace.

St. Louis, March 28.—Peace will begin in Mexico within a fortnight, in the opinion of Senor Francisco Leon de LaBarra, who, following a day's interruption in his journey to Mexico City to assume his duties as minister of foreign relations left St. Louis at 8:30 o'clock tonight.

In this he echoes the forecast by Francisco I. Madero, Sr., father of the revolutionary leader, in the interview given at San Antonio today. His comment on the Madero prediction of peace was that he regarded the statement as "highly important."

New Diaz Cabinet.

Mexico City, March 28.—Standing before Minister of Finance Limantour and Secretary of War Cosio the only two members of his old cabinet, President Diaz today in turn solemnly adjured the four new members of his official family to uphold the laws and the constitution. General Diaz wearing the tri-color direct across his breast stood beside Victorano Salado Alarez, sub-treasury of foreign relations, who administered the oath of office to the new ministers whose mustaches are yet black and whose hair is but faintly touched with gray. For the first time in his long administration the President looked on a cabinet pledged to reform, whose appointment had come about solely because of the insistent demand of the public.

Following the inauguration, the

FAR EAST TROUBLE SETTLED

China's Reply to Russian Ultimatum Satisfactory—No Further Danger of War—Emperor Gratified at Result.

St. Petersburg, March 28.—The Russian foreign office has telegraphed the Russian minister at Peking that China's reply to Russia's ultimatum is satisfactory, and expressing the Emperor's gratification at the happy termination of the negotiations.

China's reply is an involved attempt to prove that she fully acquieced in Russia's demands in her replies to previous Russian notes and that if any matters were not specifically mentioned it was because it had been taken for granted that they were in accordance with the treaty rights which China never questioned. As a matter of formality, China reiterates Russia's right to erect consulates and to freedom of trade.

DISCUSS BANKING AFFAIRS.

Monetary Commission and Bankers Hold a Conference.

Washington, March 28.—There was much discussion of the relationship of State banks to the proposed National Reserve Association at a conference today between the National Monetary Commission and the Currency Commission of the American Bankers' Association over the Aldrich Currency bill. Both the monetary and currency commissions appeared to recognize the necessity of taking care of the State institutions, and a number of suggestions were made.

The plan which appeared to receive the most favorable consideration was one looking to the bringing of State banks under Federal charters. It was suggested that this end might be accomplished by broadening the privileges of the National banks. Under the present law those banks are not permitted to loan money on real estate or to do any savings bank or trust business, and it was suggested that if these features could be added many of the State banks would accept National charters in order to obtain the added security which would be assured by that step.

The commission also discussed the advisability of accepting bills of lading as security. Senator Bailey raised the question of advisability of this portion of the Aldrich plan, but the bankers responded by saying that this course is in every way fair and reasonable, is common throughout the civilized world.

SHELDON'S OPERATIONS.

Canadian Fugitive Also Wanted in This Country.

Pittsburg, March 28.—Charles D. Sheldon, alias Washburn and Ross, investment broker, arrested here yesterday because he suddenly left Montreal, Canada, last October, owing customers upward of two million dollars, was remanded to jail late today pending the arrival of a Canadian officer, now en route. Today brought additional developments concerning Sheldon's operations. Sheldon admitted he is Charles W. Robinson, former clerk of courts of Brockton, Mass., from which city he disappeared about 1900 with almost $200,000.

Shortly after being taken to the county jail, Sheldon was served with a warrant charging embezzlement of stocks and bonds, valued at $1,100, from a woman with whom he boarded in this city. Since his departure from Montreal last October Sheldon has visited Brazil, Yucatan, Honduras and Mexico.

MESSAGE WILL BE SHORT.

President Will Deal Only With Reciprocity In Document.

Washington, March 28.—President Taft's message to the extra session of Congress to be convened next Tuesday, will be exceptionally brief. He has decided to deal only with the reciprocity agreement with Canada. Later the President may send another message to the extra session urging the enactment of a law making the tariff board a permanent institution.

The President has been assured by the temporary board that it will be ready with a detailed and comprehensive report on the textile schedules by December 1st next and that the chemical schedule may also be ready.

GREENSBORO WOMAN RASH.

Jumped From Second Story After Reading of Tragedy.

Greensboro, N. C., March 28.—Mrs. Ulysses G. Thompson, recovering from an attack of fever, was allowed to read newspaper accounts of the New York fire fatality. She commented on the fate of the girls and arose from her bed and plunged through a second story window. Tonight she is suffering with a fractured hip and other bruises, none of a serious nature.

Washington, March 28.—Cathonc University won its second game of the season here today when it defeated Swarthmore 3 to 1. The pitching of Ryan, who held the Quakers to one hit, was the feature.

TAFT TALKS OVER BORDER SITUATION

Tells Senate Committee Congress Would Be Advised of Further Action

CRITICISM MAY BE RESULT

President Believes He Will be Target for Attacks Both in Senate and House—Object of the Mobilization.

Washington, March 28.—In a conference with Senator Cullom, chairman of the Senate Committee on Foreign Relations and other members of that committee, President Taft today gave assurance that whatever might be the turn of affairs on the Mexican border, no act of hostility amounting to a declaration of war would be taken without fully advising Congress.

The conference was sought by the President for the purpose of acquainting the members of the committee with the situation on the frontier. The President gave the senators an understand that his principal purpose in mobilizing the army had been to protect American lives and American property in Mexico in case the necessity should arise for such action.

He assured his callers that Congress should be fully advised as to any important steps that might be taken, and was especially emphatic in declaring that there would be no approach to a declaration of war without taking Congress into his confidence. It is understood that the members of the Foreign Relations Committee generally expressed approval of the steps taken and confidence in the chief executive.

President Taft expects that despite the events, which he regards as having entirely justified his course in mobilizing the "maneuver division" he will be attacked probably in both the Senate and House. He told the members of the Foreign Affairs Committee that he felt perfectly secure in his position, however, and that prospective attacks caused him not the slightest worry. Political considerations, either favorable or adverse, the President declared, had not entered into the Mexican situation in any way whatever.

AWAIT THE "TRUST CASES."

Anxious for Supreme Court Opinions On Next Monday.

Washington, March 28.—Unless the Supreme Court of the United States hands down its decisions in the dissolution suits against the Standard Oil and the Tobacco corporations next Monday there will be a truly disappointed group of men around the capitol on that day. Inquiries made daily at the court room indicate that the chamber will be crowded with anxious individuals.

Not the least intimation has been given by the court that the decisions will be announced on that day. It is suggested, however, that the court, appreciative of the general anxiety for an early opinion in the so-called "trust cases," advanced their usual Easter recess so as to devote their time earlier in the year to a settlement of the controversy. This recess ends next Monday.

The fact that the court has rendered comparatively few opinions since the argument of the "trust cases" has led to the presumption that its members are devoting themselves largely to a consideration of these "big" cases.

DEFENSE OF THE PACKERS.

Attorneys to Attack Validity of Law In Chicago.

New York, March 28.—Attorneys for 10 Chicago meat packers indicted on a charge of having violated the Sherman anti-trust law today indicated that they would attack the validity of the law in a demurrer to the indictments before the United States District Judge Carpenter on April 3.

The packers' counsel raise the point that the act of Congress, with the violation of which the packers are charged, "does not create any crime, as it does not define any offense against the United States with sufficient cetainty to inform the defendants of the nature of the offense," and that the description of the offense is not one by which these defendants are able to know in advance whether the acts charged are criminal, therefore, is invalid.

The other seven points in the information are confined to technical objections to the indictments themselves.

BOOKER T. AT TUSKEGEE.

Will Not Drop Prosecution of New York German.

Tuskegee, Ala., March 28.—Booker T. Washington returned here today after his Eastern trip. Asked concerning a report that he would drop the prosecution of Albert Ulrich, who attacked him in New York, he declared it had no foundation. He intimated that the case would be pushed.

NEW ARBITRATION TREATY SOON

President Will be Ready to Submit It to Great Britain—Hopes Other European Countries Will Eventually Consent.

Washington, March 28.—Such rapid progress is being made in drafting the new arbitration treaty with Great Britain that President Taft today expressed the hope that he will be able to submit the document to the Senate at the coming extra session of Congress.

The work of preparing the treaty is in the hands of Secretary of State Knox and the British ambassador, Mr. Bryce, and the framers of the treaty hope to make it a model for all such treaties in the future. Each word that goes to make up the text is given the fullest consideration. The treaty is expected to be brief and free from ambigcity.

It will provide for arbitration on practically every dispute that can possibly arise and will include matters of National honor and territory. President Taft is delighted over the prospect of the notification of this agreement and will regard it as one of the greatest successes of his administration. He has strong hopes that France and other European powers may eventually become parties to such an agreement with the United States and thus make war with this country practically impossible.

MAY REACH SUPREME COURT.

Legal Tangle Over Cox Case is More Complicated.

Cincinnati, O., March 28.—There appeared to be tonight a probability that the legal tangle preceding the trial of George B. Cox for perjury will reach the Supreme Court of Ohio within a day or two.

Moves in the intricate game of legal technicalities were made rapidly today. The first step was a decision by Presiding Judge Thomas A. Jones that Judges Swing and Smith, against whom an affidavit charges "prejudice and bias" in favor of Cox had been filed by Prosecutor Hunt and Judge Gorman must vacate the bench in this case. The hearing on the injunction, prohibiting Judge Frank Gorman from trying the Cox case were then begun. The arguments lasted throughout the afternoon.

The court took the case under advisement. In the meantime the attorneys for Cox had given notice of an appeal to the Supreme Court of Ohio.

RALEIGH'S Y. M. C. A.

Eight Thousand Dollars Yesterday—John D. Warlick Appointed.

(Special Star Telegram.)

Raleigh, N. C., March 28.—The close of the fourth day's campaign for a $65,000 Y. M. C. A. building the fund closed with the subscriptions aggregating $38,634 in hand and over $8,000 being reported for the day's work. There are four more days for for the campaign with $26,366 remaining to be raised.

Mr. Jno. D. Warlick, of Jacksonville, Onslow county, has arrived to take up his duties in the executive offices of Governor Kitchin as an additional clerk authorized by the recent Legislature, he having received the appointment from Governor Kitchen, some days ago. He was educated at Oak Ridge and has done clerical work in Jacksonville since he came out of school.

INVESTIGATE COAL COMBINE.

Department of Justice May Take Action in the Matter.

Washington, March 28.—The Department of Justice is investigating what is alleged to be against combine of coal companies, and coal carrying railroads. It is said that the Pennsylvania, Norfolk and Western and Baltimore and Ohio are prominently mentioned in reports which the investigating agents have recently made. The investigation has been going on about six months and the department is said to be in possession of facts which promise to lead to something tangible in the way of action.

LORIMER MATTER TAKES NEW TURN

Witness Declares Taft and Aldrich Urged His Election in Illinois

PROBE LEGISLATIVE BRIBERY

Sensational Testimony Given by Chicago Lumber Dealer—Man Named Hughes, Makes Himself Ridiculous—Details.

Springfield, Ill., March 28.—That President Taft and Senators Aldrich and Penrose urged the election of William Lorimer as senator from Illinois, in order to obtain a vote for the Payne tariff bill, was the burden of testimony given today by Edward Hines, a Chicago lumber dealer, before the Senate Investigation Committee, which today began an inquiry into alleged bribery in the Illinois Legislature at the time Lorimer was elected senator.

Mr. Hines was the first witness. He testified that President Taft and Senator Aldrich were uneasy about the senatorial deadlock at Springfield and that they had urged him to do his utmost in bringing about Senator Lorimer's election. Mr. Hines declared that President Taft was anxious that Illinois should elect a senator without delay in view of the then pending tariff bill.

Mr. Hines said: "I think along in April, 1909, Senator Penrose asked me whether a United States senator would be elected from Illinois. I told him that I did not know anything about the situation. I inquired of several Congressmen. Congressman Lorimer did not know anything more about it than any other man in Washington.

"Senator Aldrich asked me about the matter and I told him what Congressman Lorimer had stated. I think Mr. Lorimer went back to Springfield again in a few days and returned. I asked him whether he could not become a candidate; whether the different conflicting interests could not decide upon him. He said no, he was not a candidate and had not been a candidate.

"Then Senator Aldrich came to me and told me that the President was very desirous of Mr. Lorimer's becoming a candidate and to do all he could to be elected at the earliest date possible; that the tariff bill, the so-called Payne tariff bill, was then up in the Senate and showed a very strong probability of being unable to pass if there was not a senator from Illinois.

"A very short time prior to Mr. Lorimer's election Senator Aldrich came to me again and stated the President was very nervous about the situation in Illinois, that he was afraid that the Legislature would adjourn without electing a United States senator. They asked me to take a train and come to Springfield.

"I telegraphed Congressman Lorimer (who was in Springfield at the time,) that I was leaving Washington for Springfield via Chicago. I arrived in Chicago on the morning of the day he was elected. I telephoned him I was going on to Springfield to see him and carry the message of the President, to impress upon those in Springfield that the administration wanted Mr. Lorimer to be elected United States senator at the earliest moment possible."

Mr. Hines denied that he had sent an agent of any character to members of the Legislature for the purpose of aiding Mr. Lorimer's candidacy.

The witness declared that the question of financial aid for Mr. Lorimer was never brought up, either in Washington, Chicago or elsewhere, that he knew of.

John I. Hughes, stockholder and director of the LaSalle Street National Bank, which is known as Senator Lorimer's bank in Chicago, the only other witness today, also denied the use of money.

When questioned pointedly Hughes denied the suggestion that he had made offers of money or political patronage in exchange for votes for Mr. Lorimer.

During his examination Mr. Hughes persisted in praising Senator Lorimer, who, he declared, was "the greatest man since the time of Christ."

RAILROAD MEN LAID OFF.

Pennsylvania to Re-open Shops Soon On 45-Hour A Week Basis.

Altoona, Pa., March 28.—Orders were issued today for the closing of the local Pennsylvania railroad shops for the remainder of the week, thus laying off 12,000 men four days. Next Monday the shops will re-open on a 45-hour a week basis. The reason assigned for the shortening of the working time is the necessity for keeping within the company's appropriation for the month and to provide against the falling off of traffic receipts.

GRAND JURY IN FIRE PROBE

Twenty Persons Summoned to Give Evidence That May Establish Blame For Horror—Compulsory Fire Drills.

New York, March 28.—The grand jury threw into action today the machinery for full investigation of the Washington Square fire of Saturday in which 142 lives were lost, by subpoening twenty persons as witnesses to establish the blame; and the board of aldermen paved the way for an ordinance making fire drills compulsory in factories.

Among the witnesses summoned before the grand jury are Max Blanck, one of the proprietors of the Triangle Waist Company, whose employes were the victims, and Joseph Asche, owner of the building. Identification eliminated from the morgue all but 20 bodies.

An aldermanic committe was instructed to draft a bill for presentation to the Legislature placing the installation and maintenance of fire escapes on buildings solely under the jurisdiction of the fire department. Incidentally the aldermen found an order to the Manhatten superintendent of buildings to report any dangerous conditions which may exist by virtue of inadequate legislation and which may cause loss of life by fire. The order was issued shortly after 26 girls lost their lives in a fire at Newark, N. J., on November 26th last.

The death list was increased tonight by the death of Freda Valawowski, 20 years old. She had fractured her right knee in jumping, and died principally of shock.

NO CHANGE AT ALBANY.

Conference Still on at Midnight—Solution of Problem.

Albany, N. Y., March 28.—At midnight the Democratic senatorial caucus was still marking time apparently awaiting decisive word from New York. Senator Wagner, chairman of the caucus, was busy on the long distance while leaders are in conference in Speaker Frisbee's room. Senator Loomis came straight from the conference of insurgents at the home of Senator Roosevelt to make a report to these leaders.

"Do you think there will be a solution of the problem tonight?" "It looks that way," the senator replied. "There seems to be that sort of feeling in the air."

The current was that the insurgents had submitted to the regulars the names of ten men, of which the Tammany chief, Murphy, was requested to name his choice. The list at midnight was said to have dwindled to three or four, including Isador Straus, Martin H. Glinn and Herman Ridder.

Despite the lateness of the hour the feeling of expectancy that something would happen was tense. The first ballot at the caucus, however, was largely a repetition of last night's vote.

At 12:50 o'clock, however, after a futile wait, the caucus adjourned until 10 o'clock this morning.

ROOSEVELT AT 'FRISCO.

Talks of Federal Judiciary at Popular Mass Meeting.

San Francisco, March 28.—"I champion and practice the right of criticism of the Federal judiciary whenever necessary, into closer touch with the people," declared Theodore Roosevelt tonight, in an address to a popular mass meeting.

Mr. Roosevelt devoted his attention almost wholly to the question of the recall of the judiciary, which is now agitating California and several other Western States.

Regarding recent changes in many States from an appointive to an elective judiciary, Mr. Roosevelt said, "Personally I think to elect a judge for a very short term without recall is more destructive of that judge's independence and usefulness than to elect him for a long term with a recall; and if people would only pay attention to the facts and not names, would be universally recognized. For the very reason that I care for the fact and not for the name, I emphatically believe in making a change in adopting any necessary methods, where, for any reason, "certain judges cease to do justice.

JACK JOHNSON IN JAIL.

Negro Champion Must Remain 25 Days for Speeding.

San Francisco, March 28.—Prize Fighter Jack Johnson is in jail tonight, and, unless some higher court comes to his relief on a technicality, he will serve a 25-day sentence for automobile speeding.

Johnson has often been an offender of the speed laws. After 14 arrests from which he escaped with light fines or dismissal, he ran against Acting Police Judge Treadwell last Thursday. On that day he pleaded guilty to a charge of speeding, and on Saturday he was sentenced to jail.

He took an appeal to the Superior Court this afternoon and Judge Mogan dismissed the appeal and ordered him into immediate custody.

Ten minutes later, two deputy sheriffs had him in charge, bound for the Branch County jail.

MORRIS IN FIGHT SHOWS HIS SKILL

Oklahoma "White Hope" Knocked-Out Schreck in Sixth Round

GAINING PUGILISTIC FAME

Climbed a Step Nearer Heavyweight Championship Yesterday—Scene at Sapulpa Recalls Reno Battle—Schreck Easy.

Sapulpa, Okla., March 28.—Carl Morris, the Oklahoma "white hope" climbed a step nearer the pugilistic heavyweight championship here this afternoon by knocking out Mike Schreck, of Cincinnati, in the sixth round of a scheduled 15-round bout.

A hard right hook to Schreck's jaw, after the sixth round had gone one minute and two seconds, ended the battle. The Cincinnati man fell heavily to the canvas and was counted out by Referee Edward W. Cochrane.

There was never a moment after the first round was a minute old that the result was in doubt. Morris completely outclassed his opponent. The ex-engineer rushed Schreck about the ring at will and landed almost as he pleased. He showed in this fight that he could battle with both hands. Heretofore his work with his left hand had been slow. Schreck made a poor showing.

Hundreds of cowboys, dressed in the garb of the plains, occupied ringside seats and frequently gave way to their enthusiasm by whistling and yelling.

Several Indians were in the audience. Morris himself is part Cherokee and he has many faithful friends among the red men. They, too, yelled unrestrained.

Hundreds of railroad workers, who knew Morris when he was an engineer and had no thought of becoming an aspirant for the crown of Champion Jack Johnson, mingled with the ringside throng. They brought with them the bell from an engine that Morris was running when he made his last trip over the road. This bell was hung near the press box and rung whenever Morris' followers raised a cheer for their favorite.

A light rain was falling when the gates were opened. Hundred of sporting celebrities from all parts of the country were in attendance. The total attendance numbered 12,000. There was practically no betting at the ringside, no backers for Schreck could be found. The prevailing odds were 5 to 1 on Morris to win. A few bets were placed at 2 to 1 on Schreck to last five rounds.

On account of the rain it was decided to dispense with the preliminaries and stage the main battle as soon as possible. While the crowd was gathering a small section of seats on the west side of the ring fell, throwing a few persons to the ground. No one was seriously injured. A few sustained bruises.

Fight Given by Rounds.

Round 1—Morris led off with a hard right swing for the head, but missed. They clinched, Morris landing lefts to the body. The referee broke them and Morris drove a right and left swing to the head. Another clinch followed and in coming out of it the ex-engineer swung wildly with his left and missed. Morris put a left and a right to the face.

Round 2—Morris led with a left to the head. Schreck missed a right to the head; Morris drove three rights to Schreck's stomach visibly affecting the "Flying Dutchman." Morris peppered Schreck's face with rights and lefts, the Cincinnati man being in distress. Morris drove two lefts to the head and then pounded Schreck's stomach with two more punches. They mixed, exchanging rights and lefts. They exchanged rights to heads. Morris sent a stiff right body punch to the head and the round ended.

Round 3—Morris was at his man quickly, sending home a left to the head and short right to the jaw. Schreck sent a right to the head and received a similar blow in return. Morris shot rights and lefts to the head and stomach, distressing his opponent greatly. Schreck drove a light right to the head and Morris put another to the stomach. Morris floored Schreck with a left to the jaw. Morris was fighting his opponent the second he regained his feet, driving a right to the stomach and a left to the head, Schreck trying futilely to cover up. Morris put a right and a left to the wind. Schreck tapped Morris on the head with a right. Morris drove rights and lefts to Schreck's jaw. Schreck retaliated with a right to the jaw. Morris put Schreck down with a right to the head. Schreck quickly regained his feet, only to go down again from a body punch. Schreck was on his knees when the round ended.

Round 4—Morris missed a left to the head. He then landed a right to the head and took a left to the head in exchange. Morris swung his right to the wind and a moment later put his right to Schreck's kidneys. Coming out of the clinch, Morris put a left and a right to the head. Schreck sent a light left to the head. Morris drove a left and a right to the head, rocking Schreck. Schreck again put a left to the head. With a hard left to the head, Morris knocked Schreck through the ropes. He was up at the count of three, but only to run into a

stiff right to the head. Schreck's face was badly swollen, due to repeated right and left punches. Again Morris punched Schreck's head with a left and a right. Schreck hooked a right to Morris's face, but the ex-engineer brushed it off with a smile. Schreck was in great pain when he went to his corner.

Round 5—They exchanged light left taps, Schreck swung a left to the face. Morris drove his right first to the head and then to the stomach. Schreck came back with a right to the body. Morris jolted Schreck with a right to the jaw and before Schreck had ceased staggering from the effects of the blow, pounded in a volley of rights and lefts to the head. Morris' nose was bleeding slightly from a glancing blow Schreck sent to his opponent's nose. Schreck planted a stiff right to the jaw and Morris drove in a right and left to the head. They clinched. Morris put Schreck through the ropes with a rigat to the jaw. The round ended with Morris beating his opponent with both hands, seemingly at will. The end was in sight.

Round 6—Schreck rushed Morris, landing right and left to the body. They clinched and Morris again beat Schreck's kidneys. Schreck landed a right to the jaw as they came out of close quarters. Morris rushed his opponent and began peppering in rights and lefts to the head and body as he pleased. After the round had gone one minute and two seconds, Morris hooked a hard right to Schreck's jaw, and the Cincinnati man took the count.

BIG LEAGUERS IN SOUTH.

Games at Various Places Yesterday. Some of the Results.

Lynchburg, Va., March 28.—The second team of the Philadelphia Nationals today defeated Lynchburg, Virginia league, in easy fashion, the score being 11 to 0. The visitors had a walk-over, hitting the ball hard while the locals were helpless before Schultz and Thomas.

Chattanooga, Tenn., March 28.—Brooklyn won today's game from Chattanooga. The score was 4 to 2.

Atlanta, Ga., March 28.—The New York Americans made it two straight from Atlanta today when they pounded out 12 hits for 10 runs from two Atlanta pitchers. Atlanta got 11 hits but fast fielding kept them from scoring more than two runs.

Charleston, S. C., March 28.—In a game featured by perfect fielding and good pitching the Phillies won their second and last contest against the local South Atlantic League team, Dolan's home run over the left field fence in the fourth inning turning the trick. Score 1 to 0.

Greensboro, N. C., March 28.—Chas. A. Sisson, center fielder of the Columbus team of the South Atlantic League, and Miss Louise Sergeant, daughter of a prominent and wealthy manufacturers of this city, were married here today. Sisson's home is at Grand Rapids, Mich.

REICHMANN NOW INDICTED.

Made False Statement of Condition of Failed Trust Company.

New York, March 28.—Joseph B. Reichmann, former president of the defunct Carnegie Trust Company, was indicted by the grand jury late today, charged with having knowingly concurred in making a false statement last fall, as to the condition of the institution.

Reichmann returned from Dayton, Ohio, only last Saturday, so crippled with paralysis that it was difficult, even today, for him to appear in court to plead to the indictment. Although the charge against him is only a misdemeanor, bail was nxed at $10,000. It was furnished by a surety company. Tht indictment today is the second against an official of the Carnegie Trust Company, William J. Cummins, the directing head and promoter, having been indicted last week. Other indictments are expected, and more than one hundred witnesses are yet to be obtained.

CUTS OUT TRAFFIC OFFICE.

Charge Made at Atlanta by the Western Union.

Atlanta, Ga., March 28.—Announcement was made today that the office of division traffic superintendent of the Western Union Telegraph Company, located in Atlanta, will be discontinued with the resignation of D. M. Therrell. It is said that Mr. Therrell probably will return to the Southern Bell Telephone Company.

General Superintendent H. C. Worthen today gave out a statement denying that the Western Union had decided to drop its new plan of administration. He said:

"Experience has shown that by discontinuing the position of division traffic superintendent and combining its functions with those of the division commercial department in the general superintendent's office, we can bring about a more direct method of handling traffic."

COMMISSION GOVERNMENT.

Pittsburg Business Men Urge Legislature to Enact Law.

Pittsburg, March 28.—A special train carrying 250 representatives of civic and business organizations left here today for Harrisburg, where they will appear before the Legislature this afternoon demanding the enactment of the "Pittsburg plan." Under the proposed law Pittsburg would have government by commission with the referendum, initiative and recall as features.

TRUCK AND FRUIT CROPS.

As Seen by Whiteville Correspondent —R. F. D. Examination.

(Special Star Correspondence.)

Whiteville, N. C., March 28.—There will be an examination in the Court House at Whiteville, next Saturday morning at 10 A. M., for the position of Carrier on R. F. D. Route No. 1, from Whiteville, to fill the place vacated by the recent death of Mr. S. R. Lewis. Applications must be filed at once with J. D. Maultsby, Postmaster of Whiteville. After June 1st the carriers will be paid $1,000 a year with thirty days' leave of absence, and then it is a life time job. There will be no scarcity of applicants.

The first ripe strawberry of the saason was reported by Mr. C. Hinson, on Route No. 2 from Vineland. Mr. A. M. Benton, of Evergreen, one of our most successful berry growers, gave The Star's correspondent the following information about the strawberry market for the past few years. Mr. Benton says:

"The recent cold weather has set the strawberry crop back at least ten days. There will be very few berries shipped before the 25th of April this year. In 1904 your correspondent sold his first berries on the 23rd of April; in 1907 on the 18th of April; in 1908 on April 10th, and in 1910 the 14th of April. Last year was the shortest berry season we have ever seen, only lasting about 25 days. We sold our last berries on May 9th for $1 per crate. In 1904, our first berries sold for $4 per crate; in 1907 for $3.75; in 1908 for $2.29; in 1910 for $3.45. In 1907 we shipped and sold berries until the 10th of June. The price for berries last year was all O. K. growers had made a full crop."

Several farmers of thic county have finished planting corn and are getting ready to plant cotton. There will be no reduction in the acreage devoted to food crops, but the tobacco acreage will be smewhat cut to make room for cotton.

Work on the Chadbourn drainage district is progressing right along, so parties from that section in town today report. The contractors having cleared off the right of way and are now moving dirt fast, and before many weeks the canals and ditches will be completed if no unforseen obstacle intervenes. Already farming lands around Chadbourn are advancing in price in anticipation of this drainage of the county.

ANGRY AT INFORMER'S WORDS.

Camorrists Shook Their Fists at Witness During Trial.

Viterbo, Italy, March 28.—The Camorrist informer Abbattemaggio was on the witness stand today for five hours, giving testimony against his former associates, who are on trial for the murder of Gennarro Cuoccolo and his wife.

Abbatemaggio described at great length his own criminal life and finally recounted in detail the circumstances leading to the murder of Cutccolo. He said that Nicola Morra had proposed the murder and the Giovanni Rapi had insisted upon not only the murder of Cuoccolo but also Cuoccolo's wife and had put 1,000 francs at the disposal of the assassins, to be certain that there would be no failure. He insisted further that two men be sent to kill the woman, one to smother the cries as the house in which she resided was directly opposite a police office. When he asked President Bianchi for a postponement, saying that he was suffering from an injured foot, the prisoners jumped to their feet and shook their fists at the witness. Bapi called out: "It is not your foot from which you suffer; it is fear."

"He isn't a man; he is a phonograph," cried Erricone, the chief of the Cammorro, alluding to a report that a German company had urged Abbatemaggio to permit records of his testimony to be taken.

CORNERED THE WITNESS.

Doctor Mum on Caffeine After He Was "Bought" by Coco Cola Co.

Chattanooga, Tenn., March 28.—Experts were again on the stand in the trial of the coca cola case in the Federal court today.

The witnesses all testified that they did not consider caffeine a poison. Dr. R. C. Witthaus, of New York, was recalled and asked regarding the 13 cases of caffeine poisoning which he had reported in his book. During the course of his testimony the witness stated that since writing the book he had changed his mind as to the properties contained in caffeine. District Attorney Cox then asked him:

"Doctor, can you state whether or not this change of mind has come about since you were employed by the Coca Cola Company to give testimony in this case?"

The witness declined to answer the question.

Court adjourned at 12:30 o'clock on account of the primary election being held in the city today.

AMERICAN BUYS PAINTING.

Another English Art Treasure at Cost of $200,000 Purchased.

New York, March 28.—Another English art treasure—Turner's canvas, "Now for the Printer," which was classed by Ruskin as one of the artist's seven finest, has fallen into the hands of an American collector, at a price of $200,000, according to an announcement of dealers here tonight. The painting represents a cross-channel boat, hauled to the wind, off Calais, about to take on passengers, while a heavy sea rolls against the beach in irridescent hues.

It is the fourth Turner to be purchased by Americans this year—Mrs. W. W. Kimball, of Chicago, having bought one and P. A. B. Widener, of Philadelphia, two. The purchaser of the latest prize is not name din the announcement.

New York, March 28.—Frank Klaus, of Pittsburg, stopped "Mountain Jack" Sullian in the fifth round of a ten-round bout at the Fairmont Athletic Club tonight. Both are middle weights. The Pittsburg fighter landed a hard left hook to the jaw and Sullivan again went to the floor for nine seconds. Two more hard smashes by Klaus caused the referee to stop the bout.

DAVID'S

YOU may feel inclined to have a very early look at the new Spring styles in clothes, even if you are not ready to buy any; it pays a man to take enough interest in what he wears to know what other men are going to wear.

Hart Schaffner & Marx

new Spring styles are here, and ready to show to any man who wants to look at them. One thing you'll be impressed with when you look at them; and that is, the thorough way in which we have prepared to supply every need of every man in this community, in the matter of clothes; not only a great variety of attractive fabrics, colors, patterns, weaves; but all the new style creations by these greatest of all clothes makers; and plenty of them.

We'd like to have you know why we make so much of a feature of Hart Schaffner & Marx clothes. It is partly because of what we know you know about them. They're not the only clothes that are made of all-wool fabrics; but they're the only clothes you're sure of. They're not the only clothes that have style, and good tailoring, but you know they have these, and you don't know of any other clothes that you're quite so sure of.

The point is, that the name of Hart Schaffner & Marx touches a responsive note in the minds of so many men, a note that we want to sound, that we twang that string a good deal.

There's more reason than ever for making that kind of a noise about our store; for the clothes are fine; and you'll say it when you see them.

ROCKY POINT NEWS.

Pender Court in Session—Farm Operations—That "Hog Potato."

(Special Star Correspondence.)

Rocky Point, N. C., March 28.—Yesterday was noted in the annals of "The Point" as "Exodus Day," since nearly all of the mob persuasion hiked to Burgaw to attend court. His Honor Judge Peebles presided with the usual grace and dignity as befits the court and delivered a fine charge that was highly appreciated. The usual amount of horse and mule swapping was indulged in, and a few changed hands.

Today is "Ladies' Day," at Burgaw. The Aid Society of "The Point" will go up to show the Burgaw ladies how to pull the men's pockets. Ten of our prettiest and most charming ones, viz: Mesdames Geo. T. Jones, W. W. Miller, Pattie Peeden, Jno. E. Durham, W. F. McCanless, Geo. E. Burton, T. J. Armstrong, Celia Collins, J. B. Armstrong and H. N. Misick. "Cappen" Henry Shaw was principal escort. The ladies of the Aid Society have remodeled and painted the inside of the Methodist Church, put in new carpet, chandelier, pulpit, table, communion set, and threaten we men folks with other surprises in the near future. The Biblical command, "Let your women keep silence," will not be strictly enforced at Burgaw today. Although commanded to "ask their husbands at home," they don't mind making a pull or draw at sight anywhere.

Corn planting is going on now in earnest. There is more March corn planted this season than in many years. New guano distributors, corn, peanut and cotton planters, disc plows and two horse cultivators, are being carried from the railroad depot every day.

The fruit outlook is for from 10 to 25 per cent. of a crop. Peaches are nearly all killed.——The farmers are receiving the best prices for farm products that they have received in years. 20 cents is the price for new N. C. hams. Better breeds of hogs are being introduced, the old strain of Essex, nearly a hairless hog, and Berkshires can be seen in the hog pastures. The day of the ancient "razor back" is past. His cousins above mentioned don't know how to skin pine roots for a living like those back numbers did.

Speaking of Mr. Giles Westbrook's new "hog potato" reminds us of the fact that a potato known as the "Nancy Hill," known as a "ridge buster" and maturing in 60 days, is the coming root. Your scribe has just received a small shipment and will test them. We might be induced to exchange a few with Mr. Westbrook with a guarantee that there's no "fake in his'n", and no cultural restrictions. With the Nancy Hill you can dig and ship by the last of July, wrap your vines up and make a second crop for October, thus causing two "taters" to grow where only one of Mr. Westbrook's famous hog roots would flourish.

AGAINST CAROLINA COLLEGE.

Inconsequential Verdict Against Methodist Institution at Maxton, N. C.

(Special Star Telegram.)

Nashville, N. C., March 28.—This afternoon a verdict of $20.93 with interest from January, 1908, was found against the Carolina College at Maxton, in Superior Court, for Stout & Benton, architects, of Rocky Mount, balance due of 2 per cent. alleged cost of buildings. Carolina College did not fight the verdict and paid no attention to the case. Dr. A. P. Tyer, member of the board of directors, stated that the suit had not been mentioned in the director's meeting. He was subpoenaed as a witness and said the explanation of the directors was wrapped in silence.

MOUNT OLIVE NEWS.

Mrs. Royall Improving—News of the Methodist Church—Personals.

(Special Star Correspondence.)

Mount Olive, N. C., March 28.—Her large number of friends will doubtless be highly pleased to learn that Mrs. Norman N. Royall, of this city, who has been quite sick for two weeks at her home, is very much improved and will perhaps be able to be out again in a few days. Mr. Royall's mother, Mrs. W. N. Royall, of Wilmington, was with them here during the past week.

A recent addition to the objects that tend to excite the interest of the public, is a motorcycle just purchased by Mr. Ben P. Summerlin, one of the R. F. D. mail carriers here to be used on his route. The machine was purchased through Mr. M. O. Summerlin, dealer in gasolene and other engines, and machinery of all kinds, who does quite a large business throughout the surrounding country.

Mr. C. Wooten Olliver is on tour of Northern markets in the interest of the firm of English & Oliver, brokers, of this city, of which firm he is the junior member.

Mr. J. H. Maxwell, of Whiteville, traveling representative of the Morning Star, "The Oldest Daily in the State," and one of the best dailies in the "Sunny South," was in the city last week in the interest of the paper, which never changes its position from "Morning Star" to "evening star," but always retains its position in advance of the rising sun.

The splendid picture of the proposed Methodist church soon to be erected in Mount Olive, which appeared in the Tribune last week, is attracting the attention and admiration of a host of friends of the Methodist congregation here. The new building will occupy the vacant lot on the corner in front of the home of Mr. W. F. English, on James and Church streets.

DURHAM DOINGS.

New Church for Dedication—Visitor at Trinity Injured—Notes.

(Special Star Correspondence.)

Durham, N. C., March 28.—The handsome new edifice recently completed by the congregation of the Second Baptist Church is to be dedicated to the service of God next Sunday morning. Dr. W. C. Tyree, former pastor of the First Baptist Church, this city, will preach the dedicatory sermon. The church represents an outlay of something like $30,000 and when dedicated will be entirely free from debt. It is one of the handsomest churches in the city.

Mr. C. W. Rochelle, who came to Durham to visit his son, who is in Trinity College, suffered some very painful injuries on the campus last Saturday night by falling over some of the debris of the burned Duke building. Apparently unaware of the fact that the old building had been burned Mr. Rochelle started up the steps to enter the building, when he reached the top there was nowhere for him to step and he fell six or eight feet into the opening where the vestibule formerly was. He suffered a broken shoulder and received a considerable shaking up. We was attended by Dr. Cheatham, and was able to return to his home in High Point Monday.

At a meeting of the incorporators of the proposed Durham and Danville Railway held yesterday afternoon, it was decided to have a survey made at once. The exact route has not yet been determined, and it is not known just yet what towns will be touched by the road.

AMHERST SHUT OUT.

Two to Nothing Score With Carolina on Diamond Yesterday.

(Special Star Telegram.)

Chapel Hill N. C., March 28.—In a game replete with sensational plays and base running Carolina defeated Amherst here this afternoon by the close score of one to nothing. Duls was on the mound for the Tar Heels and pitched great ball, not yielding a hit until the seventh and allowing the visitors a total of only two safeties. Carolina's single tally came in the seventh. Edwards walked, Hasty was hit by the ball and Pember got an infield hit, filling the bases. Hones, next up, hit into a double play but while it was being pulled off, Hasty, by marvelous base running, scored from second base on a ball hit to the pitcher. The features were the all-round fast fielding of both teams, the hitting of Calmes and Pember, both ringing up a couple of safeties, and catches by Lindsay, for Carolina, and Fitts for Amherst.

(Special Star Telegram.)

West Raleigh, N. C., March 28.—On account of a sprained ankle sustained in the baseball game with the Philadelphia Nationals Saturday, Robertson, who is counted on as a sure point winner for A. & M. in the dashes and the high hurdles, the track meet scheduled to be held on the local field March 30th, with Wake Forest, has been postponed until April 12th.

F. S. Hales, of Wilson, and T. W. Thorne, of Littleton, have recently been initiated into the Sigma Phi Epsilon Fraternity.

Commandant of Cadets, Capt. W. G. Peace, who has been in New York the past two weeks with his wife, who has been very ill, returned to the college Monday and reports Mrs. Peace greatly improved.

The most successful Junior Class banquet in the history of the college was held at Giersch's Hotel in Rafeigh last Saturday night. "Dutchy" Seifert, president of the class, presided as toastmaster, and short speeches, ringing with college spirit and loyalty, were made by representatives of the different college organizations and activities.

Attacks School Principal.

A severe attack on school principal Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. FREE SAMPLE OF LAXATIVE CURED THEIR CONSTIPATION

When a person has become discouraged through years of failure to find a cure, and finally, perhaps, gives up trying, it is small wonder that he becomes skeptical. And yet, to all who have constipation, we would say, "Try just one thing more."

We wish you would try Dr. Caldwell's Syrup Pepsin, a laxative tonic that has been used for a generation. Thousands are using it; surely some of your friends among the number. You can buy it of any druggist at fifty cents and one dollar a bottle, but better still, send your name and address to Dr. Caldwell for a free sample bottle. He will send you enough to convince you of its merits, and then if you like it you can buy it of your druggist. Mr. J. J. Petty of Unionville, Mo., Mr. George W. Zimmerman of Harrisburg, Pa. and many others of both sexes and in all parts of the country first used a sample bottle and now have it regularly in the house.

You will learn to do away with salts waters and cathartics for these are but temporary reliefs while Dr. Caldwell's Syrup Pepsin is guaranteed to cure permanently. It will train your stomach and bowel muscles so that they will do their work again naturally without outside aid. Cast aside your skepticism and try Syrup Pepsin.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

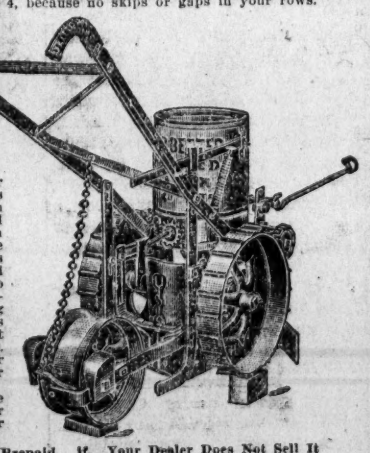
PLANT COTTON ONE SEED AT A TIME
EQUALLY SPACED — NO SKIPS — NO BUNCHING.

Without preparation of the seed, plant a bushel or more or a peck or less to the acre, one to six inches apart, as you set it, always one seed at a time. Save half the work and time of chopping. Positive force feed means absolute regularity of drop without cracking or crushing seed. Each plant has room to grow though chopping be delayed. Insures early maturity and 5 bales from land you now get only 4, because no skips or gaps in your rows.



The Ledbetter One-Seed Planter.

plants on ridge or in water furrow. Levels the bed, opens furrow, plants seed any depth desired—one at a time, and presses earth over seed, all in one operation. Has flexible hitch rod, so planter always runs true. See every seed as it comes from hopper to spout. Hopper easily removed. Furnished with drag coverer in place of press wheel, if desired. If not at your dealer's, send us $14.00. We pay all freight. Our guarantee of satisfaction or money back protects you.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, March 29, 1911.

All the world loves a lover, but it doesn't love him enough to let him run a grocery bill without giving reference.

Some towns claim that they are not dead, but it is herein ruled that the burden of proof is on all towns which have no ball team.

Probably the evidence didn't warrant a verdict of guilty as to Senator Lorimer, but he ought to apologize for not being able to prove an alibi.

A dispatch says: "Non-combatants are starving along the Mexican border." However, there is no earthly excuse for anybody in Mexico to be a non-combatant.

It is stated that a Boston woman testified that nothing could intoxicate her. That may be all right, but that's no assurance that she is not addicted to the tantrums.

A suffragette insists that "women should be made to vote if they don't know enough to desire it." Made? She probably doesn't know what insuppressible insurgency really is.

We endorse this from the Jacksonville Times-Union: "The mayor of Jacksonville should be a good man of business, possessing accumen and sound judgment." He should, if he hopes to stay in the game in "Busy Jax."

Complaint is made that so little attention is paid to the bridegroom of a fashionable wedding. It is the bridegroom's fault. He always wears a "regulation suit" instead of starting something by appearing in a harem skirt.

The Democratic Congress will convene next Tuesday. If Speaker Clark knows enough to enlarge his constituency, he will give one loud rap with his gavel and say, "Play Ball." It's a cinch he will preside at a bawl game all right.

A newspaper correspondent, who is attending the army maneuvers on the Mexican frontier, claims that he was robbed of $1,000. He is probably the St. Nicholas Moale man who wanted us to understand that he had arrived in Texas and was on the job.

It is announced that Dr. Mary Walker recommends the harem skirt. No doubt Dr. Walker thinks the harem skirt vindicates her for setting the example of wearing men's clothing some years back when she wasn't dried up and ready to blow away.

We would like to see the whole world happy and satisfied, but, of course, other cities are deprived of the golden sunshine and delicious breezes so peculiar to Wilmington. Therefore, we would be glad if everybody should accept our guarantee and come on to Wilmington while life is worth living.

The Des Moines Tribune remarks: "Jake Riis indignantly declares that Mr. Roosevelt drinks no more than Lyman Abbott." Jake may thing he knows but he makes us laugh by trying to qualify as a credible witness when it is impossible for him to be present when all kinds of opportunities come the Colonel's way.

The Allentown (Fla.) Democrat observes: "At any rate, Mr. Bobo, of Elberton, Ga., does not have to make a raid on the alphabet when he writes his name.' As short as his name is, we see no reason why the Elberton gentleman should not answer to the name of Bo instead of making his friends pronounce double when they are addressing him.

A PUSILANIMOUS BLUSTERER.

To call anybody a pusilanimous blusterer would be exceedingly harsh language but when applied to the Governor of a State by one of the leading and most influential newspapers of the Commonwealth, it is shocking, to say the least. However, the strange acts of Governor Blease, of South Carolina, have so persistently followed, one upon the other, that the Charleston News and Courier has been provoked into referring to the State's Executive in language totally void of respect. Read what our esteemed and conservative Charleston contemporary says;

"The positive announcement of Governor Blease that he will not sign the joint resolution passed by the last General Assembly will be accepted generally as vindicating the winding-up commission from the charges and insinuations directed against its work in the message which Governor Bease sent to the General Assembly on the 24th of last January, urging a thorough investigation of the commission's work, but the Governor himself is thereby placed in a very sorry attitude. His belated talk about wanting to save the people the expense of an investigating committee is sheer claptrap. This is one light bill against which nobody would kick except those whose work can be done best in darkness. His instructions to the new commission, his own chosen friends, to investigate everything and everybody, including himself, are food for smiles. The Governor can fool nobody in this matter, and he must know it. He tried to run a bluff and it didnt' work. Its failure has left him exposed as the pusilanimous blusterer that he is."

We are not reproaching the News and Courier, but we reproduce the above to show the manner of man who unfortunately has been elevated to the Governorship by the people of a proud State. The provocation for words such as are used by the Charleston paper is great, but it is not only that paper that has lost patience with Governor Blease and abandoned any semblance of respect for him, for the Columbia State and other influential papers are even more severe on the Palmetto executive. It is regrettable, but while the press is not expected to be in accord with the Governor in every instance and is even ready to respectfully criticise him, it is extraordinary that the editorial page of a respectful journal should be given over to the utmost contempt.

We have observed with pain that Governor Blease, from the very beginning of his term, began a course which is making South Carolina an an object of pity. He has been governor a short time but he has done numerous things that reflect seriously on the people of his State. His first wrangle with the Supreme Court over the appointment of a special judge made the Governor ridiculous, but the second outbreak of discord over the appointment of another special judge a few days ago, served clearly to demonstrate the reprehensibility of the Governor's attitude.

A few days ago, according to the Supreme Court's constitutional perogative, Chief Justice Ira B. Jones appointed the Hon. Ernest Moore, of Lancaster, to hold a special term of court in Union. It displeased the volcanic Blease and upon being asked for a commission for the court's appointee, he blurted out:

"Ira B. Jones can mandamus or God-damus or do anything he pleases. I am not going to appoint Ernest Moore as special judge for the Union county court. You can take back these papers, for I will not read them."

The Governor thus demonstrated his contempt for the Supreme Court of his State and he has no surprise coming to him if his ebullitions of had temper, disregard of urbanity, and exhibition of irresponsibility gains for him the contempt of the press and the good people of South Carolina.

What have we in North Carolina to do with this? Why, it is the best sort of object lesson for us. It teaches us that voting is a sacred duty and that we should be careful how we vote for men, leastwise the "stormy petrel" class, the blatherskite politican, the errant demagogue, and the extremist who seeks more notriety for himself than glory for the State.

In fact, the spectacle in South Carolina is illuminating. It sheds light on our duty to carefully look-over the men who ask for our votes for any kind of office—State, county or municipal. Sometimes, like the case in South Carolina, it is too late for us to remedy mistakes made at the ballot box by voters who have not given careful consideration in the exercise of their sacred duty.

IMPROBABLE WARS.

We have all along refused to be alarmed at the warning of the jingoes that Japan was preparing to trash the United States and take the Philippines. Most of the fear that has been expressed involves the woeful prediction that Japan would capture the Panama Canal, land an army on the Pacific and run all over us. We hardly think any military genius would figure on such a remote possibility, for it would be impossible for Japan to transport troops several thousand miles, effect a landing, establish a base of supplies with the wide ocean back of her army, and hope to succeed even if it were possible to get a footing. Such a military contingency is absurd on the face of it.

Representative Richmond Person Hobson, of Alabama, who exploits the Japanese bogey most has attracted the attention of Japanese Army and Navy men, and Commander Hiraga, of the Japanesee Navy, in commenting on one of Captain Hobson's war scare speeches, characterized him as a dreamer. The Japanese naval officer said:

"Did you ever stop to consider the difficulties in the way of moving a division of troops over sea by transport? It seems perfectly easy to do on paper, but in actual experience Hercules himself never had a harder task. We discovered that in our war with Russia. Bear in mind the fact that Manchuria is within striking distance of Japan and that San Francisco is not. Our work was cut out for us, even the simple matter of landing our troops in Manchuria. To land them in Hawaii would be one hundred times more difficult, to land them in San Francisco would be a thousand times more difficult, to land them in Panama would be impossible. A one-hundred-ton small boat can carry fifty soldiers, or less, and that is all. It is 3,445 miles from Japan to Hawaii and 2,288 miles from there to San Francisco. I suppose those figures convey nothing to your mind, but if you could realize that the distance from Maine to Florida is only a fraction of the distance between San Francisco and Hawaii, and perfectly inconsiderable when you begin to count up the miles between Honolulu and Yokohama, you might have some idea of what a transport force with a battleship escort would be up against."

The distance from Yokohama to 'Frisco by way of Honolula is 5,733 miles, and we shouldn't fancy the strongest nation on the face of the earth would dream of transporting and landing sufficient troops to hold a candle to the United States. Japan might confine her attack on the Philippines, but even then she would have to transport troops 1,780 miles from Yokohoma. In order for the United States to send troops to the Philippines it would require them to be transported from San Francisco by way of Hawaii, a distance of 6,189 miles. It would be a fearful task, as can well be imagined, but if Japan were to seize the Philippines she would be able to hold them only long enough for the United States to build such a navy as would make it impossible for her to enter into such a mad scheme and hope to make good at it. The Philippines would be our weak point, but our resources would bankrupt Japan in any attempt on her part to stand up to such a war enterprise.

AGRICULTURAL AWAKENING.

The campaign of education in farming has reached such a point that this season will witness more progress in North Carolina agriculture than any other known in the history of the State. As each year rolls around that progress will be greater and greater, for our farmers are following the latest methods and we can look for big results. With good seasons, the next Fall will score the greatest crops in the history of North Carolina.

North Carolina and other Southern States, as well as the United States Agricultural Department, have been demonstrating agriculture to the farmers. In Georgia, for instance, the educational train of the Georgia college of Agriculture, on Saturday last ended a State-wide tour which began several months ago. The Atlanta Jurnal says this train education for the farmers "has been truly estimated to be the greatest propoganda of the kind ever attempted in America."

In some Western States, this method of demonstration has been followed, but it is to Georgia's credit that she carried out a scheme which reached not fewer than 350,000 people, nearly one-third of the State's white population. The train went into 120 counties and carried a full staff of skilled educators, even to the entomologist, while there was a varied store of farming object lessons, implements, machinery, etc.

What Georgia is doing in that way, North Carolina is doing by farmers' institutes and in different ways, and it only goes to show the agricultural awakening in the South.

Next Speaker Champ Clark has bought a watch and will have the time of his life beginning next Tuesday.

Seeing as how some public officials don't do what is expected of them and don't know how to do the right thing anyhow, we are bound to admit that the "recall" is a good thing. The recall may not be needed so very often but when it is needed it fills the bill. The only fellow who ought to kick against the recall is the official who can't deliver the goods.

CURRENT COMMENT.

Another evidence of progress lies in the fact that tariff revision is coming to be regarded as the band wagon.—Indianapolis News.

All this talk about lengthening terms of office does not appeal to us. We are beginning to favor the recall, and then some.—Charleston News and Courier.

No, North Carolina does not claim that Woodrow Wilson was born in North Carolina, but he lived several years in Wilmington and was educated at Davidson College. He has far on his heels all right.—Raleigh News and Observer.

The Colonel bitterly opposed the initiative and referendum for Oklahoma, but he finds the recall of judges in California is necessary. Once a faker but now a fake, must be the judgment on the Colonel.—Jacksonville Times-Union.

If any turpentine operator ten years ago had been told as a prediction that spirits would go to $1.07 a gallon, he would have laughed, and laughed, and laughed. Yesterday the price touched that notch, and the operators who had the goods to deliver laughed, and laughed, and laughed, not in derision or doubt, but in happiness.—Savannah News.

Voliva, the successor to Dowie as boss of Zion City, is a shrewd chap. He plays upon religion as his strong point, and a main feature in his religious services is the music. He has ordered the lady members of his choir to attire themselves in hobble skirts and harem skirts, until further orders, and to disregard the white-robe order that has heretofore been in effect. The innovation, it is believed, will have the result of increasing the attendance of men at the services.—Savannah News.

Governor Blease yesterday vetoed the act he urged the Legislature to pass for the investigation of the Winding-up Commission. He has transferred the investigation to his own appointees—one being his former law partner—and instructed them to investigate everybody, including himself. The slogan of protectionist Republicans in the last Presidential campaign was "the tariff should be revised by its friends." And they did—upwards. "While the members of the new commission are all friends of mine and personal supporters," Governor Blease said yesterday, "I have asked that they make a rigid investigation of all my acts as State Senator, private citizen and governor of the State. I want everything to come out." Great! Who would be without friends. Thomas B. Felder is to be summoned as a witness, and unless he is too busy reading proof on that book the Colonel should come over and exchange confidences.—Columbia State, March 28.

KILLING IN SCOTLAND.

One Negro Shoots Another Near Laurinburg.—An Inquest Held.

Laurinburg, N. C., March 28.—Coroner J. R. Jordan and jury held an inquest yesterday over the remains of Floyd McMillan, who was killed Saturday night about six miles north of Laurinburg near the store of Mr. A. D. Gibson. It seems that Ed Pegues and Robt. McMillan were playing and that Ed drew his pistol, as he states, to frighten Robt. McMillan and with no intention of shooting any one. The deceased was sitting in a buggy behind Ed Pegues. Ed raised the pistol above his shoulder and fired and then fired into the ground just in front of him. The shot fired over his shoulder seems to have been the one that struck McMillan. The coroner's jury merely found that deceased came to his death from a bullet wound from a pistol fired by Ed Pegues.

STEAMER STILL AGROUND.

Vessel in Serious Predicament On Florida Coast.

Tampa, Fla., March 88.—The steamer D. N. Luckenbach is still aground on the reefs of New Ground shoals and reports from Key West early tonight indicate that the vessel is in a serious predicament. The treacherous nature of the coral reefs in that vicinity make it a perilous undertaking for vessels of sufficient size to reach the vessel. Available tugs at Tampa have been summoned to the assistance of the steamer.

Pemrboke Flour Mill to Remove to Lumberton—Site Given.

(Special Star Telegram.)

Lumberton, N. C., March 28.—At a meeting of the stockholders of the Pembroke Flour Mill, held at that place today, it was decided by a vote of 117 to 57 to move the mill to Lumberton, the business men of the town having offered a site and other inducements. If the change of location is made it will be with the view of enlarging the plant and adding a grist mill. It is estimated that from March to October about 2,000 bags of meal are sold each month, practically all of which is shipped in. This, it is said, could be made here and it is for the people in this community to say whether or not they will take stock sufficient to enlarge and improve the mill. It is also suggested that an ice plant might be erected in connection with the mill. A meeting of the directors will be held here Monday to discuss the matter fully and determine what action will be taken.

Ipswich Lady Tells What Happened When She Decided to Take Advice of Her Friends.

Ipswich, S. D.—Mrs. Henry Royle, of this place, says: "I suffered for nearly ten years, with womanly trouble. The doctors could not help me, but Cardui has made me well and strong. Before I commenced to take Cardui, I could not stand on my feet.

I was so weak I could not cut a slice of bread. Now, I can stand all day, and can do most of my work. I think Cardui is the best medicine in the world. I have been feeling fine ever since I began to take it. Cardui was recommended to me by a friend, and I will gladly tell my friends of it. Cardui is a wonderful medicine."

If Cardui will relieve and cure such a stubborn, and long-standing trouble as that of Mrs. Royle, then it is only reasonable to believe it will quickly and surely help you.

Cardui is a general tonic, for women, improving the appetite, and building up the womanly constitution. You can always depend on Cardui, for its reliability and merit are proven by 50 years of continued success in treating troubles so common to women.

BIG OPENING AT GAYLORD'S

Yesterday Marked Beginning of Brilliant Display at Wilmington's Big Dry Goods and Millinery Store.

A more perfect, lovely day; a more dazzling, brilliant display of beautiful and fashionable millinery goods could not be imagined than entered into combination yesterday to make of the annual Spring and Summer opening at Gaylord's, one of the most successful of the many in the history of this well known and popular establishment.

This was true both in point of the large number of ladies who thronged the store during the day and the artistic triumph of the millinery display; in fact, of the display in every department of the mammoth establishment. The opening began at 9 o'clock and will continue through today, so that those who were not so fortunate as to visit the store yesterday will have an opportunity of doing so today. Never before in Wilmington has there been a larger or more attractive stock of bright, new and fashionable headgear and other goods for the Spring and Summer season.

Miss Alma Brown is the capable milliner in charge and she has a corps of associates, both in the main salesroom, in the trimming department and the great wholesale department of millinery which has become an establishment of no mean proportions itself. This year Miss Brown and her assistants have arranged a most beautiful display which they are anxious that the ladies should see. The department this season is attractively decorated in pink and white, long festoons from the ceiling blending in perfect harmony with the many new and beautiful shades and effects in the great stock of millinery, trimmings, etc. The display is unusually large this year and embraces something in every style and price from the modest sailor to the most expensive Parisian model. Miss Brown has always been noted for extremely good taste and this year she seems to have exceeded herself in the dazzling display of everything new and pretty that may be found at Gaylord's. The Tagal picture hat is one of the leaders and is a beautiful creation of the milliner's art. Then there are the Leghorns in a beautiful variety of colors and shapes, something to suit every taste and each one "quite the proper thing." A strong favorite is also the ostrich trimmed Rembrandt hat in fuschia tints; the Continental of two-toned braid and the Ostrich Panache, in soft Empire green. There are a hundred others that ought to be specifically mentioned, but it is enough to know that the opening will continue today and the ladies are most cordially invited to come and see for themselves. In helmets and turbans there are also many shapes and styles that will appeal especially to the worshipers of the Goddess Fashion. There is also a particularly fetching line of misses' and girl's hats. The trimmings are largely in flowers and feathers of which there is a great profusion. The trimming department is especially well fitted this year and a score of experts are continuously at work, there being no charges at this store for trimming hats purchased out of stock. Miss Alice Smith is directly in charge of the millinery floor and pains are taken to care for the wants and desires of each caller.

The tailored suit department of Gaylord's, in charge of Miss Daisy Woodbury, is a favorite nook in the big store for this opening and many new and bright styles are being shown at prices to suit even the most modest purchaser. The floor manager for the second or millinery department is Miss Lizzie Mulford.

On the first floor of the big store, there is a display of everything carried in this great stock of merchandise. There are shoes, cloothing, hats, gents' furnishings, dress goods, notions, etc. Mr. W. B. Muse, one of the most experienced men in the trade in the State, is in charge of the dress goods department and some very attractive offerings are being made in all the new and fashinable fabrics and trimmings. The prettiest of silks in all weaves are found on the counters and shelves and in domestics and other goods there is a big line.

The big, attractive show windows of the establishment give some idea of what may be expected within. As the store advertises, in these windows are carried as large stocks as most millinery stores carry in the entire store. A visit to the store will be appreciated by Mr. Gaylord today. The invitation is general—everybody will be welcome.

BETTER SCHEDULES WANTED

Carolina Fruit Exchange Takes Up Matter With A. C. L. Officials in Behalf of Chadbourn Berry Growers.

Mr. I. M. Fleming, general manager of the Carolina Fruit Exchange, has taken up from his Atlanta office, the matter of better freight service for the Chadbourn growers in view of the early approach of the berry season and hopes within a short time to successfully carry through the effort now being made.

In a letter to Mr. R. A. Brand, freight traffic manager of the Coast Line, Mr. Fleming complains of a condition that seems to merit the prompt attention of the railroad people and one that seems to have cost growers in that section of the belt a considerable amount of money last year. Mr. Fleming points out that the Chadbourn section is at a distinct disadvantage in the matter of schedule as compared with the Wilmington & Weldon road, all of which operates very materially against that section in markets, and he believes this disadvantage can be overcome. This is the situation, as it is cited: "Berries that leave the Weldon road on the "Cannon Ball" pass Rocky Mount in the afternoon, arriving at Potomac Yards during the very early morning hours, and connecting with all outgoing trains of the Pennsylvania Railroad, putting the berries in New York and Philadelphia for the following morning, and in New England and interior New York points for the second morning following.

"Berries leaving Chadbourn at night pass Rocky Mount during the early morning and arrive at Potomac Yards commencing as early as 6:30 in the afternoon, and, in the absence of any schedules arranged north of Potomac Yards to leave earlier than the following morning, these berries either lay at Potomac Yards from 10 to 12 hours, or, if forwarded, the time is consumed between Potomac Yards and the markets."

Mr. Fleming suggests the following, as a possible solution of the disadvantage to the Chadbourn section: Either run a schedule out of Chadbourn leaving there not later than noon with a train which would make the same schedule, arriving at Potomac Yards the following morning in time to connect with the Pennsylvania trains, or put the train out of Chadbourn at night two or three hours earlier than the present schedule, and it should be possible, with the same closing hour—6 o'clock—and have this train arrive at Potomac Yards about 2:00 P. M., thereby connecting with the 3:30 P. M. train for Philadelphia, Newark and all New England points.

Mr. Fleming further says that under either suggestion given above, 24 hours will be saved in the time consumed en route, all of which is very vital to the condition of the berries, and he believes it is the desire of the management of the A. C. L. Railroad to give the best schedule for the berry business, regardless of what schedules they might have operated in the past.

Mr. Fleming attaches to his letter to Mr. Brand a copy of a letter from Mr. Walter Hawkins to the special agent of the Pennsylvania Railroad at Philadelphia, showing that the Philadelphia and New England berries from the Chadbourn section lose 24 hours in reaching the market, due to an arriving time at Potomac Yards of a few hours after the trains of the Pennsylvania have left for these markets. He says that this loss of time should certainly be taken up and that the facts which he quotes may be easily proven. It is to be hoped that the matter may be satisfactorily adjusted at once as it will be now only a short time until the berry trains will begin to move from all points in the berry belt.

Mr. Louis J. Rowell, chief clerk to Mr. Fleming has already arrived in the territory to look after the movement for his company.

FORD COMMITTED TO JAIL

Coroner's Jury Finds That Julia Ford, Colored, Was Murdered Monday Night by Her Husband. Jealousy Motive.

Garfield Ford, colored, who Monday night shot and instantly killed his wife, Julia Ford, in Price's alley, in the southern section of the city, being captured a few minutes later by police officers, was yesterday afternoon transferred from the city prison to the county jail, being committed to the latter institution by Dr. C. D. Bell, the coroner, after a verdict had been returned by the coroner's jury, which investigated the circumstances, to the effect that the woman was murdered by her husband. Ford is committed without bail to await Superior Court, which convenes Monday.

The story of the homicide was given in yesterday morning's Star. It seems to be well established that jealousy furnished the motive for the killing, but in view of the testimony given at the inquest there is doubt as to the identity of the negro man found with Julia Ford at the time she was shot by her husband. Ford, in his statements Monday night, said that Dave Nixon was with his wife; Nixon denies this and claims that he can show that he was at another place at the time of the tragedy; one witness testified that it was John W. Fisher, a bright mulatto, and Fisher himself, while admitting that he knew Julia Ford, denied that he was in Price's alley prior to or during the enactment of the tragedy. Whether it was Nixon or Fisher does not now appear to be of material value in the case, Ford stated to several persons Monday night that he killed his wife because he found her with another man, whom he took to be Dave Nixon, who lived in the same house with him at No. 1105 Orange street.

Yesterday morning Dr. C. D. Bell, the coroner, summoned a jury composed of Messrs. J. Irving Bear, M. F. Croom, J. N. Fennell, H. B. Hankins, W. R. Dosher and W. H. Howe, and the jury met at 3 o'clock in the grand jury room at the Court House to examine the witnesses. Mr. Dosher was chosen chairman and Mr. Bear secretary. The jurors earlier in the day viewed the body of the negro woman, who, it appears, was shot only one time, the bullet from a 38-calibre Iver-Johnson pistol entering her mouth and coming out on back of her head, dying almost instantly.

Rena Hall, a cousin of the dead woman, who lives in Price's alley, where the tragedy occurred, was the first witness. She testified that she was at the home of Julia Ford, No. 1105 Orange street, Monday night for supper, and after finishing the meal she was accompanied home by Julia; that they both lay down across a bed and went to sleep, awakening some hours later. Julia asked her to go part of the way home with her and the two started out of the door. They met Alfred Ashe, colored, who lived on the opposite side of the alley, Ashe inquiring of witness if "the talking machine", meaning a woman by name of Sarah who lives with witness, was at home, the reply being in the affirmative. Julia walked on while witness was exchanging a few words with Ashe. A mulatto man, John W. Fisher, said the witness, walked up and spoke to Julia, who had already called to her to come on. Witness walked up to a point near where Julia and Fisher were standing, talking in a low tone, so low that witness could not understand what they were saying. Witness stood there waiting for them to finish their conversation before proceeding. Observing the approach of Garfield Ford, husband of Julia, witness ran to her house and just as she opened her door heard pistol shots. Witness said that when she saw Garfield she surmised that there would be trouble, for he was jealous of his wife. Ford, she said, did not say anything as he came up. She said that Julia and her husband acted very lovingly toward each other at their home early in the evening. She said that the woman knew Fisher and often spoke of him, but did not know whether she had been familiar with him.

Alfred Ashe, the negro referred to by Rena Hall, was the next witness. He first stated that he did not know anything at all about the occurrence, but being reminded that he was under oath, he loosened up a little. He said that he was on his way home from work when he saw Rena Hall standing in the alley and a man and woman, whom he did not know, were a short distance away. He admitted asking Rena Hall about "the graphophone girl," and then went on to his home, a few feet away. He said he did not know Julia Ford nor her husband, Garfield Ford, but had seen Julia several times. Witness said that he went to bed as soon as he got home and 10 or 15 minutes later he heard pistol shots. He went out in the alley and found several officers and other people there. Garfield Ford was in custody of Officer J. S. Lane. Witness heard Ford say to the officer that he had shot his wife.

John W. Fisher, a mulatto, prominent in St. Luke's church, in which he was formerly a deacon, according to his statement, whose name was connected with the homicide by Rena Hall, was the next witness. Fisher denied positively that he was in the alley Monday night until he was taken there in custody of Officer Lane, some time after the shooting. Following a statement of the Hall woman that Fisher was with Julia Ford when the shooting occurred, Officer Lane went to Fisher's house, No. 1015 Queen street, and carried him to Price's alley, where he was identified by Rena Hall. Fisher said that he was at Love and Charity Hall and then went to Ruth's Hall, where he remained until about 11 o'clock. Ruth's Hall is about two blocks from the scene of the tragedy. He said that he knew Julia Ford, but was not well acquainted with her.

Dave Nixon, who was said by Ford to have been with the murdered woman at the time of the tragedy, was the next witness. He stated that he lived at No. 1105 Orange street, he and Ford renting the house together. Nixon is also a married man. He denied that he was with Julia Ford Monday night, claiming that he was at Ruth Hall, where an entertainment was in progress. He said that at 11:15 he was informed by a negro named Shepherd that Ford had killed his wife in Price's alley and that he went immediately to the scene and then informed the woman's relatives of the killing. The witness said that he did not see Fisher at Ruth Hall during the night. Witness said that he and Ford ate supper together Monday night and that soon after supper Julia Ford and Rena Hall left, ostensibly for the latter's home to get ready to go to Ruth Hall, but they did not show up at the hall during the evening. Ford left soon after his wife departed and later witness went to Ruth Hall.

The next witness was Mr. L. M. LeGwin, near whose home the tragedy occurred. He heard the report of the pistol and went into the alley, where he saw several people, and saw Garfield Ford in the custody of Officer Lane. Mr. LeGwin stated that he first heard two shots and after an interval of probably 20 seconds he heard three more shots in quick succession. He heard a woman say, "Turn me loose." Fold told the witness that he shot his wife because she was caught with another man, Dave Nixon, who, he said, ran and that he did not blame him much for running. Ford pointed over to where the dead woman lay and said that was his wife lying there.

Mounted Officer J. S. Lane was the last witness, telling of the arrest of Garfield Ford and the statement he made that he shot his wife because she was with another man, whom he took to be Dave Nixon.

After hearing the testimony, the jury returned its verdict to the effect: "That after being duly summoned and sworn by Dr. C. D. Bell, coroner of New Hanover county, to hear the evidence in the case before us, and after hearing the evidence of witnesses, find that Julia Ford came to her death by a pistol shot wound inflicted by Garfield Ford."

NEGRO'S LEG BROKEN.

While Running to Place of Safety from Flying Bullets.

While running for dear life toward a place of safety from bullets which were flying about his head, in the vicinity of Second and Cowan streets, between 9 and 10 o'clock last night, Peter Howe, colored, stumbled and fell, breaking one of his legs.

Mounted Officers Coleman and Brinkley heard the shooting and rushed to the scene, finding Howe nursing the broken limb. They called the ambulance and sent him to the hospital for attention. The officers were unable to find out anything definite about the shooting. They understood that none of the bullets took effect, but were unable to learn the names of the participants in the affair or the cause. Howe told them that as soon as the weapons were brought into play he began to look for a place of safety, and that in running he fell.

WHY HE DOES IT.

Druggist J. Hicks Bunting Gives Reasons for Selling at Half-Price.

"It isn't often that you have faith enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said Druggist J. Hicks Bunting to one of his many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Dr. Howard Co., in order to get a quick introductory sale authorized us to sell the regular fifty cent bottle of their specific for half-price, 25 cents, and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

"We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so. THE RECORDER'S COURT.

Two Negroes Sent to Roads for Assault With Deadly Weapon.

In the Recorder's Court yesterday morning Harkless Reaves and Wm. Brown, colored, were found guilty of the charge of assault with deadly weapon upon Jim Johnson, colored, the evidence being to the effect that one of the defendants attempted to use a knife and the other an axe on Johnson. They were given three months each on the county roads. Jim Johnson and Wm. Brown were found not guilty of a charge of affray.

Because a negro man refused to pay her for a meal he had just devoured, Laura Kelly, colored, who conducts a restaurant in Love's alley, in the northern section of the city, early Monday night, brought her pistol into play and fired one time at the negro as he disappeared in the darkness. The report of the pistol was heard by an officer, who arrested the woman on the charge of firing a pistol in the city limits. She was lodged in the city prison for the night. When taken to police headquarters the woman stated that she fired at a negro man because he would not pay her for a meal. In court yesterday morning the Recorder ordered that the warrant be changed to charge assault with deadly weapon and the hearing was continued until today. There has got to be entirely too much shooting in Wilmington and the Recorder will very likely herafter deal a little more severely with persons charged with carrying concealed weapons and assault with deadly weapon.

COUNTY BOARD OF ELECTIONS.

Held Important Meeting Yesterday Morning — Petitions.

The City Board of Elections held an important meeting yesterday morning with Chairman John S. McEachern presiding and the other members, Thos. D. Meares, Jr., Esq., secretary, and Mr. William Struthers, Jr., in attendance. The meeting was held primarily for the purpose of considering a question which has been raised with reference to the form to be used by candidates for councilmen in filing their petitions with the Election Board. It was decided that Sec. 23, of the commission bill, applies only to the referendum and recall which is embraced in Sections 20 and 21, and any candidate who has complied substantially with Section 15, of the bill, may have his name placed on the ticket as candidate for councilman. However, candidates are advised that it would not be amiss for them to comply with the requirements of Section 23 in filing their petitions, as failure to do so might lead to some complications later. Section 23 is as follows:

"Petitions provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house number in which the petitioner resides, his age and length of residence in the city, and a statement as to whether he has paid his poll tax as required by the laws of North Carolina. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and stating the number of signers at the time the affidavit was made."

The Board of Elections does not attempt to pass upon the validity of the two sections referred to or which controls, merely taking the position that it will not withhold from the ticket the name of any candidate who has complied substantially with the requirements of Section 15, the candidate himself in not complying with Section 23 assuming all risk of future complications.

NEGRO SERIOUSLY STABBED.

Jim Mack Attacked in Garrell Building by John Robinson.

Much excitement was created in the vicinity of Second and Princess streets about 4 o'clock yesterday afternoon, when John Robinson, colored, assistant to the janitor in the Garrell building, stabbed Jim Mack, colored, elevator boy in the same building, with a knife, inflicting a serious, though not necessarily fatal, wound. The trouble occurred in the corridor of the first floor of the Garrell building and only a few feet from the sidewalk. From the best information, the negroes, neither of whom is more than 18 or 20 years old, were playing with each other, when Robinson, the larger of the two, became angry and jerked out his knife, driving it several inches in the left side of Mack, who fell to the floor in a pool of blood.

Dr. B. J. Willingham chanced to be passing and he was called to attend the negro. He stated, after a superficial examination that the wound was serious, but not considered dangerous. The negro was taken by Dr. Willingham in an automobile, and it was thought he was carried to the James Walker Memorial Hospital for treatment, but inquiry at the institution last night elicited the information that no such patient was there, and that similar requests as to the condition of the negro had been made earlier in the evening.

Dr. Willingham could not be communicated with over the telephone last evening, but it is very likely that the negro, who evidently was taken to his home, is getting along as well as could be expected with favorable chances of recovery.

A warrant for Robinson was sworn out before Magistrate John J. Fowler, by an occupant of one of the offices in the Garrell building, and the negro was arrested by Patrolman Leon George. The warrant was issued by Mr. Fowler for Justice Harriss, who committed the negro to jail without bond, pending the result of Mack's wound. The knife which Robinson used is in the possession of one of the lawyers who have offices in the building, and he said, in speaking about the case, that "Robinson merely wanted to have a little love feast" with his knife.

The affair, occurring as it did, in the center of the business district, and in one of the principal office buildings, and on top of so many murders during the past few days, created more than the usual amount of interest and excitement. The first report of the affair was very much exaggerated, it being stated that the wounded negro could hardly live many minutes.

HIGHWAY ROBBERY CHARGED

Chas. Fowler and Council Stanley Bound Over for Holding Up Negro Man Saturday Night—Other Cases Heard.

It developed yesterday that when Chas. Fowler and Council Stanley, colored, were arrested Monday afternoon, on the charge of carrying concealed weapons, as told in yesterday's Star, that Sheriff Cowan and officers, while feeling that the evidence would substantiate this charge, were really after holding the negroes on a more serious offense—highway robbery in connection with the hold-up of William Nixon and William Green, respectable colored truckers on Middle Sound, as they were on their way home from the city Saturday night about 11:30 o'clock.

The suspicion of the officers appears to have been well founded, for yesterday morning when the two negroes were arraigned before Justice Harriss on the charge of carrying concealed weapons they were identified by Nixon and Green as being their assailants. Warrants charging highway robbery were promptly sworn out and served by Constable Savage.

After hearing the evidence in the cases charging the defendants with carrying concealed weapons, Justice Harriss bound them over to the Recorder's Court, where they will be given a hearing this morning. Fowler was also tried on the charge of assault with a deadly weapon on Wise Merritt, colored, at 11th and Princess streets, Saturday night. Merritt was painfully cut, but he was able to be at the hearing. This case was also sent over to the Recorder's Court.

The highway robbery cases were continued for hearing until 4 o'clock in the afternoon, when the defendants were arraigned on this charge. The evidence was to the effect that Saturday night between 11 and 12 o'clock while on their way home from the city in a cart, William Nixon and William Green were accosted in the road near the Kenan place by two negroes, one going in front of the vehicle and the other to the rear. The occupants were commanded at the point of a revolver to turn over their valuables. The highwaymen struck matches and in this way the occupants of the cart were able to identify their assailants as Fowler and Stanley. The men in the cart were wise enough to drop the money they had in the bottom of the cart bed amid a lot of straw, and the highwaymen did not find it. One of the two negroes in the cart had just purchased a new pair of shoes from Mercer & Evans, and this was taken by Fowler, who left the box in the road. Pieces of the box were found Monday by Sheriff S. P. Cowan, whose efforts resulted in the rounding up of the highwaymen. The shoes were sold by Fowler to another negro. Probable cause being found, Justice Harriss bound the defendants over to the next term of Superior Court, fixing their bonds at $500 each, in default of which they went to jail.

MET INSTANT DEATH.

Unknown Man Killed by Train in Florence, S. C., Last Night.

Passengers arriving on the late Coast Line train from the South last night told of the tragic death at Florence, S. C., at 7:30 o'clock last night, of a well-dressed man, who was ground to pieces under Coast Line passenger train No. 86, northbound, it appears, from the information given The Star by an eye-witness to the terrible accident, that trains Nos. 50, Wilmingtonbound, and No. 86, were moving on parallel tracks at the same time, and the man stepped off one track to keep out of the way of No. 50, only to be caught by No. 86. The engine passed over the man's body and one or two coaches before the train could be brought to a standstill. The wheels of one coach stopped on the remains of the man's body and the coach had to be "jacked up" in order to take out the pieces of mangled flesh. The man appeared to be a stranger in Florence and it was thought probable that he intended to leave on train No. 86. The body had not been identified when the Wilmington train left Florence.

FUNERAL OF MR. TIENCKEN.

Services Held Yesterday Afternoon and Remains Laid to Rest.

The funeral of the late Mr. J. G. W. Tiencken, whose death occurred suddenly Sunday evening, was held at 3 o'clock yesterday afternoon from the family residence, No. 116 South Ninth street, thence to St. Paul's Lutheran Church, conducted by Rev. W. A. Snyder, the pastor, in the presence of a large concourse of sorrowing relatives and sympathizing friends. Following the impressive services in the church the body was tenderly borne to Oakdale cemetery, where the interment was made. The pall-bearers were: Honorary, Messrs. Martin Rathjen and Peter Mohr; active, Messrs. Will Rehder, John Kuch, J. W. H. Fuchs, E. P. H. Strunck, William Otersen and Geo. C. Jackson. Mr. and Mrs. Chas. Eckman, of Brooklyn, N. Y., arrived yesterday in time for the funeral. Mrs. Eckman is the only living sister of the deceased.

Funeral of Mrs. Bullard.

The body of Mrs. Susan A. Bullard, who died Monday afternoon at the home of her son, Mr. E. J. W. Anders, No. 105 North Ninth street, will be taken this morning to Ivanhoe, in Sampson county, and the funeral services will be held at South River church at 1 o'clock this afternoon. The interment will be in the graveyard there.

Grand Theatre.

The proof that Grandites are pleased with the efforts of the management was vividly shown by last night's attendance which was the largest in several days. "The Irish Honeymoon" greatly pleased the large crowds, and it was pronounced by many to be the best yet. On today's programme will be found another great selection of pictures, most important of which is "The Test of Love," which is one of the latest Edison films and will be found an interesting picture with a great moral. Other pictures today will be "The Sheriff's Daughter," and "The Little Step-mother." Mr. Henry's song yesterday was the best this popular baritone has yet presented and called for a number of encores. Today he will sing a big novelty song, entitled "Dreamy Town." Mr. Henry has an excellent baritone voice and the verdict of many "Grandites" is "the best yet." The doors open daily at 11 A. M. and you will always find a big show at the "Theatre Beautiful."

The Bijou.

Four big films, running grandly the gamut of human emotions, from the most boisterous comedy to the tenderest pathos, and a new and delightful illustrated song by Mr. Frank Banks, is the bill today at the popular Bijou. Starting with matinees this afternoon this big bill of three reels and a song the latter, by the way, being that late New York whirling triumph, "I Do Not Believe You," will be presented, the same in the afternoon as at night. The comic films on today's programme are "The Shyness of Shorty," and "Mr. Bumptious on Birds." Each is a big hit, but, of course, Mr. Bumptious is just one of the funniest ever. The latest Pathe success, "The Kid From Arizona," which breathes of stirring adventure, is among the good things, and then will come the great scenic and dramatic motion picture, "Rescued From the Desert."

Joyland.

Since the introduction of "Amateur Night" at the Market street play house, Joylanders have eagerly looked forward to the coming of every Wednesday night, and as it's here again the management look for even a larger crowd than greeted the popular local actors last week. The old timers will be on again with all new stunts and will compete for two prizes to be given to the first and second best. The usual programme of pictures will be presented, the feature picture being a high-class comedy-drama that will strike you just right. Two songs will be presented at each performance, as usual. The amateur performances will go on at 8 and 9 o'clock P. M., and patrons are advised to come early to "avoid the rush."

Family in Need of Help.

The family of Mr. O. P. Skipper, who lost all of their household furniture and personal effects in the fire which destroyed the house in which they were living, No. 1015 South Front street, Saturday afternoon, are reported by reliable and responsible persons to be in bad circumstances and greatly in need of some aid from charitably disposed persons. The family is now living at No. 305 Wooster street. Mr. Skipper is a carpenter and is doing work outside of the city.

LOCAL DOTS.

—A girl who recently came here from Loris, S. C., was sent yesterday to the Rescue Home at Greenville, S. C., by the local post of the Salvation Army.

—Mr. M. M. Tippett and Miss Minnie C. Barber, daughter of Mrs. Alex. Barber, were united in marriage Monday night, Elder Chas. T. Green performing the ceremony. The couple will reside in this city.

—By deed filed for record yesterday J. Irving Bear transfers to Allen Moore and wife, for $10 and other considerations, lot on east side of Eighth, 56 feet south of Marsteller street, 33x150 feet in size.

—The German steamer Gamma, Capt. Berg, cleared yesterday for Pensacola, Fla., where she will receive cargo for foreign export. She discharged fertilizer material to the Wilmington Compress & Warehouse Co.

—Friends will tenderly sympathize with Mr. and Mrs. William Core in the death of their 16-months-old daughter, Calathon. The funeral was held yesterday morning, conducted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church.

—James Ballard, colored, was given hearing before Justice Harriss at 5 o'clock yesterday afternoon on the charge of false pretense, the charge being preferred by Mr. J. C. Vereen, as the outcome of a mule trade in which the animal is alleged to have been misrepresented by the defendant. Justice Harriss reserved his decision until today.

VIOLATION OF CLAM LAW.

Twenty-Seven Bushels Reported Shipped from Wilmington Yesterday.

Having received information of violations of the law prohibiting the shipment of clams to points outside of the State after March 25th, Constable Savage yesterday made an inspection of the local depot of the Atlantic Coast Line and found 27 bushels of clams consigned to two different points outside of North Carolina. The officer did not seize the property, allowing the shipment to go on to its destination. Constabe Savage stated last night that warrants would probably be issued for the persons shipping the clams.

A Fierce Night Alarm.

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., (R. R. No. 2.) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds, or any throat or lung trouble." So do thousands of others. So may you. COTTON MARKET RULED LOWER

Unsettled and Nervous Throughout the Day—Opened Steady at Advance of Six Points—Bears Aggressive.

New York, March 28.—The cotton market was nervous and unsettled today, and prices ruled lower during most of the session under liquidation and bear pressure. There was quite a sharp rally toward the close, however, and the final tone was very steady, not one point lower to two points higher.

The opening was steady, at an advance of 1@6 point in sympathy with better cables than expected, but prices soon weakened under a renewal of yesterday's reports of further cuts in the price of leading cotton goods, continued good weather in the South and apprehensions of still more drastic curtailment in the operations of domestic mills. Wall Street bears were aggressive sellers on the decline, which caught stop loss orders and at times during the morning the market was active, with all indications pointing to considerable liquidation by trailing along in the old crop months. At the low point reached shortly after midday May contracts sold at 14.20 and July at 14.01, or about 9 points under the closing figures of last night, and from 43 to 45 points under the high prices reached on March 14th. The new crop was relatively steady, in spite of the favorable view of weather conditions and near positions found considerable support some 8 or 9 points below the closing figures of yesterday. This came partly from covering of shorts, but also reflected an increased demand from some of the leading spot interests, and the old crop rallied about 8 points from the lowest in the late trading. May made its premium over July in spite of the heavy liquidation suggesting the continued presence of a concentrated interest in cotracts for that delivery, and the relative steadiness of the new crop was partly attributed to the buying of October by leading spot interests, and also to purchases of October and December by brokers who appeared to be liquidating the crop and who may have been unloading straddles.

Receipts at the ports today, 9,673 bales, against 9,997 last week and 18,775 last year. Today's receipts at New Orleans, 3,050 bales, against 9,198 last year, and at Houston, 2,914 bales, against 2,380 last year.

Spot closed quiet, five points lower; middling uplands, 14.35; middling gulf, 14.60; sales, 10,20 bales.

Cotton futures opened steady and closed very steady.

A BRISK ADVANCE IN STOCKS

Opening Prices Were at Good Gains. Some Uneasiness on Bear Side. Caused by Professional Manipulation.

New York, March 28.—In response to a movement of broader scope than has been attempted for some time, the stock market today shook off its lethargy and advanced briskly. Opening prices were at good gains and in the first hour about as much business was transacted as in the entire session of yesterday.

There was no evidence to show that the increased activity today was due to outside demand or to any cause other than professional manipulation which took the form of a demonstration against the short interest. There was some uneasiness on the bear side when the market opened still stronger, and urgent covering doubtless was a large factor in the day's advance. Canadian Pacific forged to a high record, rising to 224. Several issues of convertible bonds, namely American Telephone, Norfolk and Western and Union Pacific were features of today's trading in the bond division.

Some of the largest railroads presented their February reports today, and the showing made was remarkable chiefly for the striking evidence it contains of the efforts which are being made toward economy. Bonds were firm. Total sales, par value, $2,885,000. United States bonds unchanged on call. Total sales for the day, 355,200 shares.

WALTHAM WATCH CO. Waltham, Mass.

WALTHAM WATCH

THE DRY GOODS MARKET.

New York, March 28.—Prices on cotton goods are somewhat irregular, following the recent revisions in bleached cottons. The export trade with China has reached a volume of about 8,000 bales to date, including several lines of sheetings and drills. Men's wear markets are quiet. Hosiery yarns have been selling a little more freely.

Petersburg Peanut Market.

(Reported by Rodgers, McCabe & Co.)

Petersburg, Va., March 27.—Spanish Firm at $1.25 per bushel. Virginias Quiet. Bunch, 4c. to 4¼c. per pound. Fancy Hand Picked, 3½ to 3¾c. per pound. Extra Prime, 3½ to 3⅝c. Prime, 3c. Machine Picked, 3¼c. to 3½c. Shelling Stock, 2½c.

Warning to Railroad Men.

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroading. Geo. S. Bell, 639 Third Street, Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my Kidneys in terrible condition. There was pain across my back and hips and my kidneys gave me much distress. The first bottle of Foley Kidney Pills made a wonderful improvement and four bottles cured me completely."—Robt. R. Bellamy.

PEACE IN MEXICO NOW SEEMS SURE

(Continued from Page One.)

new ministers went to their respective departments, where they assumed their duties and received the felicitations of friends.

Significant as has been the creation of a new cabinet it is regarded as of little interest here when compared with the possibilities involved in the various reports that are rife. Chief of these is that the President himself will resign. It is denied, but there is basis for the speculation if not for the fact. What is regarded as certain is that Ramon Carral, the vice president, will ask for a leave of absence when Congress convenes next week.

Whether this leave of absence is later to be followed by his resignation is not so definite, but that it will be, is regarded as likely.

Another interesting phase of the situation that will be presented should the vice president resign, is the character of his successor's election. It is generally conceded that the Congress about to assemble will, at the instigation of the President make radical changes in the present electorial system, and if he does, the election of a vice president by popular vote would be the first opportunity for the application of the revised laws. Should the President then decide to retire the vice president, elected by popular vote, would for a time at least become the head of the nation.

Fierce Fight in Mexico.

Agut Preita, Mexico, March 28.—A battle was fought near Ures, the old capital of Sonora, yesterday, between Federals comprising the combined forces sent from Agua Preita, Nogales and Hermosillo and the united forces of the rebels at San Rafael. The official dispatches report a great Federal victory.

The fight started at 9 o'clock yesterday morning. The Federals used two macaine guns with terrible effect. Aguis and Pimas, on opposites sides, were prominent in the battle.

Governor Torres reported at 2 o'clock this afternoon a sweeping Federal victory with 70 rebels killed and a great number wounded. He gave no report of the Fedral losses. The governor stated in another telegram that the fight was still in progress at nightfall last evening. If the Federals gain a decisive victory at San Rafael it will remove the danger of an attack on Hermosillo. The rebel forces evidently were attempting an eastward movement against Hermosillo when met by the Federals.

Nogals, Sonora, March 28.—Various views are entertained as to the result of the reported battle of Ures yesterday. Government officers report that the insurrectos were defeated with heavy losses. Refugees arriving today from the Ures district report that when they left many of the Federals and insurrectos were in the field, but they believed that Juan Cabral, the insurrecto leader, having had knowledge of the Federals' advance with a superior force, escaped.

SPEED CARNIVAL BEGINS.

Opening Events on Florida Beach Cut Short by Tide.

Jacksonville, Fla., March 28.—The change in the tide cut snort the programme of the first day of the Atlantic-Pablo Beach Automobile Speed Carnival this afternoon. The thousands, who had gone to the beach, 16 miles from the city, saw only four races. The course was in ideal condition. Yesterday's proposed programme was substituted for today's original events.

The feature race of the afternoon proved to be the five-mile free-for-all for non-stock cars. Running a consistent race from start to finish, Wilcox, driving a National, finished first in 3:13:27, ahead of Burman driving a Mercedes, and Disbrow, in a Pope-Hartford.

The one-hour race was for cars of all classes. Disbrow, in a Pope-Hartford, made the best distance in a daring exhibition of driving, going 106 miles. Hughes, driving a Mercer, and Tower, in a Waren-Detroit, were the winners of the lighter car class.

SOLDIERS UNDER ARREST.

Result of Plot in Mexico to Deliver Arms — Details.

Mexico City, March 28.—Twenty-six rebels and two Federal soldiers are under arrest tonight as the result of a plot by the soldiers to deliver the arms of their battalion to rebels in Tacubaya, a suburb of Mexico iCty.

Secret Service agents discovered the plot yesterday and last night the two soldiers were arrestd.

During the night, rebels began to apply for admittance to the barracks. One by one they arrived, gave the pass word to the supposedly disloyal sentry and were admitted. All entered the trap. The left is under guard.

BIG CATCH OF SEALS.

Steamer Arrives at St. Johns With 30,000 Aboard.

St. Johns, N. B., March 28.—The steamer Bonaventure arrived in port tonight with 30,000 seals aboard. She was the first of the fleet of nineteen sealers which left on the annual cruise fifteen days ago, to return. According to the Bonaventure, eleven other steamers are about to start for home with good catches, and only two appear to have missed the seal herds. The catch will probably exceed half a million, estimated to be worth upwards of a million dollars.

THRILLING TIME ON TUG.

Naval Officer Unbalanced, Drove Crew About With Pistol.

San Diego, Cal., March 28.—News leaked out today of a series of thrilling incidents on the United States naval tug Navajo, Chief Boatswain Carston Nygaard became suddenly unbalanced and drove his crew below the decks at the point of a pistol.

For a considerable time Nygaard paced the deck of the tug menacing every man who dared to show himself. Nygaard imagined that the crew had become mutinous and was trying to kill him.

The first news of the affair reached the flagship in a wireless message from Boatswain Nygaard informing the admiral that the crew of the Navajo had mutinied. A few minutes later another wireless message, this time signed by a member of the crew, was flashed to the flagship from the Navajo saying the commanding officer of the tug had gone insane. The message asked for immediate help.

Armed crews were dispatch from the California and the West Virginia. When they drew alongside the Navajo, Lieut. Com. C. F. Owen, leading party, seized the crazed boatswain and took him aboard the flagship West Virginia, where he is held pending an examination.

FLAYS SHERMAN LAW.

Judge Grosscup Criticises Anti-Trust Act at Meeting.

New York, March 25.—Judge Peter S. Grosscup, of Chicago, criticised the Sherman anti-trust law at the Republican club today during a discussion of the question of the "encroachment up three coordinate branches of the government, one upon the other."

Judge Grosscup thought the Sherman law was typical of the laws that encroach upon powers of the judiciary. He thought that laws should conform to existing conditions.

"Through the mercy of the Department of Justice you may never be prosecuted," he said. "The whole power is transferred to Washington. It is no longer 'What will they say at the court in Buffalo, in New York, or elsewhere?' But what will they say in Washington?"

DYNAMITED BUILDING.

Million Dollar Ore Crusher Wrecked by Vandals.

Cleveland, O., March 26.—Unknown vandals tonight dynamited the new iron ore handling plant of the Erie railroad, at North Randall, a suburb of Cleveland. The dynamite was used on the ore bridge of the plant, which was destroyed with an estimated loss of $200,000. The plant was only recently completed at a cost, it is said, of about $1,000,000, and has been in operation for a few days.

There is no clue to the miscreants, and General Superintendent H. O. Dunkle, of this division of the Erie, says that bloodhounds will be used in trying to run them down. The one theory held by the police is that a disgruntled employee may have done the act.

BALLINGER AT HOME.

Seattle Citizens Pay Their Respects to Him—Address.

Seattle, Wash., March 25.—Citizens of Seattle tonight paid their respects to Richard A. Ballinger, former Secretary of the Interior. Mr. Ballinger in his address said:

"You cannot know the extent of suffering which I have silently borne at the hands of a political conspiracy and a muck-raking press. Nevertheless, your unfaltering confidence in me and your loyalty and support have always been a sustaining force. The greatest factuity is that of puting aside and forgetting the uncomfortable incidents of life. You cannot stop to curse every cur that barks at your heels.

BUSSY MAKING GOOD.

Wilmington Twirler Showing Up in Fine Form With Nationals.

Washington, D. C., March 28.—The Washington Herald todays says: "All the harsh things said about Twirler Bussey will have to be withdrawn, for the former Virginia League pitcher, during the past few days has shown Manager McAleer a lot of real stuff, and looks better every time he works.

"Bussey is no Spring chicken by a long shot, and has refused to let out until just recently, so that nobody knew just what he could do. Bussey not only has fine control but his curve ball is a puzzler; in fact, the veterans think he will prove to be just as good as Doc Reisling.

New York, March 28.—Gwyn Henry, the Texas sprinter, in a trial at the 13th regiment armory today traveled 75 yards in 7 3-5 seconds, equalling the world's mark made 20 years ago by L. H. Cary. Henry has come to New York to meet Jim Rosenberger, champion sprinter and quarter miler of the Irish American Athletic Club, in two special races Saturday night at 100 yards and 220 yards.

Little Rock, Ark., March 28.—The annual convention of the National Retail Hardware Dealers' Association opened in this city today with an attendance of several hundred prominent representatives of the trade from all parts of the country. The sessions will last several days, during which time a wide range of questions of importance to the retail trade will be considered.

New York, March 28.—George Hackenschmidt, who sails for Europe tomorrow, failed to throw three men in Jersey City tonight within an hour, allowing 20 minutes to each. Stephen Dehler, a German, and Fritz Mohl, a Swiss heavyweight, were disposed of easily, but Hjalmar Lundin, a Swede, held him off for 20 minutes, and at one time had Hackenschmidt down on his hands and knees for a full minute.

Anniston, Ala., March 28.—The Rochester Eastern League team was defeated here this afternoon by a team composed of members of the Anniston Southeastern League team and the Alabama Presbyterian College team. The score was 5 to 2.

STREET SEWER RAN RED.

Deputies Emptied 1,500 Gallons of Tomato Ketchup.

Boston, Mass., March 28.—The Hanover street sewer ran red for an hour today. No blood was shed, however, the scarlet flood came from 1,500 gallons of tomato ketchup emptied from 29 large barrels into the manhole. The ketchup was seized by United States Deputy Marshals and condemned as unfit for food. Inspectors from the Department of Agriculturs declared that the ketchup was composed chiefly of refuse matter from a tomato canning factory.

RACE QUESTION AT CHICAGO.

White Model Refuses to Pose Until Negro Artist Goes Away.

Chicago, March 28.—The race question came up in the Art Institute yesterday and for a time threatened to disrupt a class when a white girl who had been recently employed as a model refused to pose while a negro student remained in the room.

After a consultation with his fellow students the negro artist to whom exception had been taken relieved the situation temporarily by walking from the classroom.

SAVANNAH INTERESTED.

Methodist Evangelist Gets Subscriptions for the Assembly.

Savannah, March 28.—Rev. George Stuart, a famous Methodist evangelist, and others, appeared before a large number of prominent members of the church in Savannah last night in the interest of the Waynesville, N. C., assembly. This is to be made a great Methodist meeting place. Several Savannahians subscribed to stock in the enterprise.

TOM JOHNSON'S CONDITION.

Reports Say Former Mayor of Cleveland is Growing Weaker.

Cleveland, March 28.—Despite conflicting rumors concerning the condition of former Mayor Tom L. Johnson and the anxiety felt by his friends, no definite statement as to his condition today was issued from the sick room.

"He is as well as he was yesterday," came the announcement. A report in general circulation is that Mr. Johnson is growing weaker.

DEFEAT TAX ON INCOMES.

Maine Legislature Declined to Ratify Proposed Amendment.

Augusta, Me., March 28.—The Maine House of Representative by a vote of 53 to 82 today declined to ratify the proposed amendment to the United States constitution providing for a tax on incomes, and immediately by a viva voce vote accepted a favorable report on a bill proiding for a State income tax.

KILLED AT FLORENCE.

St. Petersburg, Fla., Man Run Over and Instantly Killed.

Florence, S. C., March 28.—C. H. Blocker, aged 69, of St. Petersburg, Fla., was run over and killed by an Atlantic Coast Line train as it was pulling into the Union passenger station here tonight. Mr. Blocker was a passenger on the train by which he was killed, and was on his way to his old home at Scarborough, N. C.

104 YEARS OLD AND ROBUST.

Remarkable Record of Mrs. Marie Esther, of Muskegon.

Muskegon, Mich., March 28.—The possessor of good health and retaining almost unimpaired faculties, Mrs. Marie Esther Sturgeon has celebrated her 104th birthday. It is said she has attended church regularly for 100 years.

Pittsburg, March 28.—C. M. Daniels, of the New York Athletic Club, tonight successfully defended his 220-yard championship swimming title at the Pittsburg Natatorium against McGillvray and Hebner, of the Illinois Athletic Club. Daniels equalled his own world's record of 2:25 2-5 for 220 yards, and set at a new world's record of 2:26 for 200 metres.

Macon, Ga., March 28.—Fertilizer dealers report the heaviest sales to farmers in the history this season. They also state that a majority of the fertilizer sold will be used under crops other than cotton. The opinion seems to be that in this section that farmers will plant less cotton than last year.

El Paso, Texas, March 28.—The Boston American first team defeated a picked team of El Paso's last season's players this afternoon. Boston 9; El Paso 1.

SLAIN MAN IDENTIFIED.

W. N. Parker Who Deserted From Army Two Years Aago.

Decatur, Ala., March 28.—The body of the young man who was mysteriously killed here a week ago, was identified last night as that of Wm. N. Parker, not Parks, as at first thought, and were sent to his father, J. S. Parker, at Concord, N. C., today. He was identified by a missing toe and tattoo marks on the body.

Charlotte, N. C., March 28.—William N. Parker, victim of the killing at Decatur, Ala., is a son of a shoemaker at Concord, was married and had three children. He enlisted in the United States army six years ago, served a three-year term, reenlisted and after serving a year on the second term deserted. Neither his father nor his wife were aware of his whereabouts, and no one at his home had heard of him for the past two years.

FASHIONABLE HOSTELRY BURNS

French Hotel for American and English Guests.

Beaulieu, Department of Alpes-Maritimes, France, March 28.—The Hotel Bristol, a large establishmen belonging to an English company and a fashionable hostelry for American and English guests, was destroyed by fire tonight. A strong wind quickly fanned the flames into a fierce blaze and firemen from Nice, and troops from Ville Franche were summoned to aid in the fight. Though the fire caused a panic among the guests, all were gotten out in safety.

CONDITION OF BANKS.

At Close of Business March 7th They Show an Increase of $155,000,000

Washington, March 28.—The condition of National Banks at the close of business on March 7th, according to a Treasury announcement today shows increases of $155,000,000 in loans and discounts; $7,000,000 in cash and $191,000,000 in deposits, as compared with January 7th. The banks are holding in their reserves $94,000,000 more than the law requires.
